

Hesh Evo  
Over-Ear Wireless Headphones

# WIRELESS SIMPLICITY WITH SUPERIOR SOUND.

With powerful 40mm drivers and exceptional acoustics, Hesh Evo features audio quality that has been refined over four generations of constant improvement. The clear, rich sound rivals the most expensive headphones out there — at a price that's surprisingly affordable.

## KEY SELLING POINTS

### **SIMPLICITY PERFECTED.**

Hesh Evo is the unrivaled everyday headphone for people who want to keep it simple. Along with outstanding sound, they're engineered with just the right amount of added features to make your life a little easier — without a lot of additional technology that you might not need.

### **EASY, CONVENIENT CONTROLS.**

Simple, intuitive buttons let you take calls, adjust volume, change tracks without ever touching your phone.

### **COMFORT FOR HOURS.**

With an ultralight headband and soft pads that fully surround your ears, Hesh Evo is one of the most comfortable headphones you'll ever put on.

### **GO-ANYWHERE DESIGN.**

Thanks to rugged, innovative hinges that both fold flat and collapse, Hesh Evo easily goes wherever you go.

### **DON'T WORRY, YOU'VE GOT TILE.**

Hesh Evo features built-in Tile™ finding technology. If you ever misplace your headphones, you can easily “ring” them from the Tile App. So what might have seemed lost, is now quickly found.

### **LONGER LISTENING WITH 36 HOURS OF BATTERY.**

We know: It's hard to remember to plug in all the devices you have in your life. That's why Hesh Evo features a long-lasting 36 hours of battery life. Plus, whenever you get low, the Rapid Charge feature gives you 3 hours of listening time on just a 10-minute charge.
