

Cassette Junior

\ Volume-Limited Wired Headphones

FULL SOUND. LIMITED VOLUME.

Most sound-limiting headphones aren't exactly engineered to deliver a great sound experience. Not true for Cassette Junior. We apply the same premium sound engineering, testing and quality standards to Cassette Junior as all Skullcandy headphones. Then we simply limit the volume to prevent over-exposure to higher sound levels.

KEY SELLING POINTS

AS SIMPLE AS IT GETS.

Everything about Cassette Junior has been designed for hassle-free, ease-of-use. With a simple wired cable, there's no worries about pairing or lost connections. They're perfect for everything from listening to music to movies to online education and everything in between.

BUILT-IN MICROPHONE.

Cassette Junior features an easy microphone for interacting with online games and video calls.

FOLD AND GO.

With a rugged, innovative hinge design, Cassette Junior quickly and easily collapses down to go anywhere you go.

MULTI-HOUR COMFORT.

With soft ear cushions and a lightweight headband, Cassette Junior is designed for comfort. Perfect for those long flights or car rides.
