

Convertible Office Wireless Headset

VH6210

The VTech VH6210 Softphone Compatible Convertible DECT Office Wireless Headset for Business Desk Phones keeps your customers on the line, even when you're on the move. Up to 500 feet of range means you can still experience long-range coverage and clarity from virtually anywhere in the office. The headset works with major softphone services. Answer and end calls directly from the headset with the VTech electronic hookswitch (EHS) kit sold separately. Or, you can attach your curly handset cord to the VH6210 base.

Compatible with most major desk phone brands, the VH6210 Convertible Office Wireless Headset is comfortable enough for all-day use. Choose how you want to wear it: over-the-ear, over-the-head or behind-the-neck. Never run out of battery during long calls. If the charge is low, you can swap the headset's battery mid-conversation. Easily multi-task with one-touch call, answer, volume and mute. HD voice quality ensures your calls sound rich and life-like. Plus, DECT 6.0 technology cuts down on interference and static, giving you calls that are crisp, clear and secure.

VH6210 Key Features

Up to 500 feet of range*

Experience the best in long-range coverage and clarity, provided by a unique antenna design and advanced noise-filtering technology.

HD voice and wideband audio

Calls have never sounded so rich and life-like. Enjoy high-definition sound with HD voice, and receive crystal-clear communication.

Hot swappable battery

Call going longer than expected? A second battery compartment enables you to change the battery mid-conversation for increased talk-time.

Electronic hookswitch (EHS) compatible

Answer and end calls directly from the headset with the VTech EHS kit (sold separately). Choose from two kits, which are compatible with most major desk phone brands.

Softphone compatible

The headset is optimized to work with major softphone services.

VTech Control PC software

Get full integration and remote call control on the cordless headset with free downloadable PC software.

Noise canceling microphone

The noise-canceling microphone reduces background noise and are ideal for noisy office environments.

Multiple wearing styles

Choose which fashion works best for you: over-the-ear, over-the-head or behind-the-neck.

Secure magnetic charging cradle

Magnets anchor the headset in the cradle to ensure a full charge every time.

One-touch call, answer, end call, volume level and mute

DECT security

Using 64-bit encrypted transmission, DECT 6.0 technology cuts down on interference and static, and gives you calls that are crisp, clear and secure.

ECO mode power-conserving technology

ECO mode manages power consumption, so the system uses less energy and you get the best battery life.

3-level battery status indication
