Product Specifications

Designed for beginners in mind, the Dremel Lite is a user-friendly solution for a wide range of projects. Making projects like sanding wood or engraving metal easy. The Lite is a handheld cordless rotary tool that features 8,000-25,000 RPM of rechargeable battery powered by an efficient USB system that holds its charge. The four different speed settings offer better control for different applications, plus the lightweight design and soft grip make it easy and comfortable to use. The Lite is compatible with Dremel's entire line of rotary accessories, making it a must-have for busy homeowners and new DIYers.

- Quick and easy accessory changes – with the patented EZ twist nose cap accessory changes are easy and can be done without the need of a wrench
- Variable speed - seamlessly adjust to the ideal speed from 8,000 to 25,000 for optimal control and maneuverability
- Easy battery charging - the rechargeable 4V li-ion battery & convenient USB charger ensures that it's ready whenever you are
- Battery life indicator - LED light illuminates to notify you when the battery needs to be charged
- Portable and lightweight – 360 degree soft grip material allows for comfort and precise control. Cordless design offers the freedom to take it anywhere

Product Comparison

- Compatible – can be used with most Dremel accessories and a selection of attachments
