- Max height: 42"
- Storage height: 14"
- Max load weight: 1.1lbs (17.6 oz/500g)

Includes

- Carry Pouch
- User's Guide

Operation

- Before using the tripod, adjust each leg to the desired height and angle, then lock each section securely. It is best to use the tripod on a flat, level surface.
- Attach your camera to the mount using the thumbscrew on the underside of the mount. Screw the locking stud into your camera, making sure to correctly align the locking button with the socket on your camera. Do not overtighten the stud or damage may occur.
- It is best to remove the camera and any attached equipment before making adjustments to the tripod height or position.
- Be careful not to overload the tripod, as this may negatively affect the center of gravity and overall stability.

Warnings & Procedures

- Do not exceed the maximum specified load capacity.
- Always ensure that the leg and head locks are tightly engaged before mounting any gear to your tripod.
- Do not use tripod below -4°F/-20°C or above 158°F/70°C.
- Do not leave tripod in direct sun for extended periods.
- Clean with damp cloth and dry with dry cloth. If needed a mild soapy solution may be used to remove built up dirt, sand, dust and the like.
- Do not leave tripod unattended where others might trip over it and get injured.
- Remove camera and gear when transporting.
- Avoid contact with electrical sources.
- WARNING: This product may contain chemicals known to the State of California to cause birth defects, or other reproductive harm (California Prop 65). Wash hands after handling.
- This product meets and complies with all Federal regulations.
