# GARMIN DASH CAM™ TANDEM Dual-lens Dashboard Camera

NEW PRODUCT ANNOUNCEMENT

## PRODUCT OVERVIEW:

Make sure you're covered from every angle with Garmin Dash Cam Tandem. This compact dual-lens dash camera features two 180-degree lenses recording in tandem to provide drivers with complete video coverage day and night. The front-facing lens records in super HD 1440p to capture crisp footage showing critical vehicle details, while the interior lens has night vision featuring our exclusive NightGlo™ technology to see all driver and passenger activity in any light. The charger includes an extra USB port, letting drivers charge their phone on the go. Use voice commands<sup>1</sup> to control the camera — hands-free — while built-in GPS shows when and where events occurred, and incident detection automatically saves video before and after an incident. Easily view and share video from your smartphone by using the Garmin Drive™ app<sup>2</sup>.
