

ACCESSORIES

CLEARSTREAM™

JUICE™

PERFORMANCE ENHANCED

UHF/VHF AMPLIFIER SYSTEM

Adding an amplifier to an antenna increases available signal strength. The extra JUICE™ will help overcome challenges including coaxial cables over 100ft., splitters, or weak signals in the area. Whether you live in an urban, suburban, or rural setting JUICE™ offers ample gain and best-in-class overload protection for dependable reception.

Overload Protection

Prevents strong signals from compromising the amplifier's ability to deliver the best picture and sound available

Integrated LTE Filter

Removes noise from cellular signals, which can interfere with channels transmitting close to the same frequencies

Low-Noise

Provides signal amplification without adding artifacts, JUICE™ offers maximum signal to noise ratio for efficient tuning

CLEARSTREAM™ JUICE™

- SKU# JUICE
- Description: Performance Enhanced Amplifier System
- Gain: 17.5 dB VHF
19 dB UHF
- 12V DC Power Supply
- High-Efficiency Power Inserter
- Two 36" Weatherproof Coaxial Cables
- Limited Warranty
- MSRP - \$99.99
