- Perfect for emergency stops on the road
- Ultra-bright reflective surface alerts drivers well in advance of potential danger
- Folding design for compact storage

18" Safety Arrow

18" X 2 3/4" X 2" (folded)

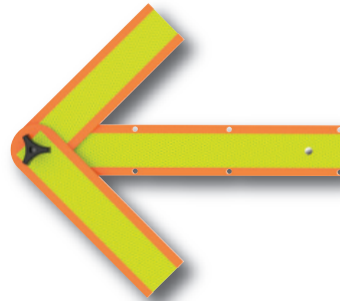

SA-2034C

U.S. Patent No. 7,370,602

Ultra-bright, reflective surface alerts drivers well in advance of potential danger. Powerful magnets safely attach Safety Arrow to vehicle. Folding design for compact storage. Omni-directional fluorescent yellow reflective surface exceeds ASTM D4956 standards.

Mounting Options: 1 3/8" diameter magnets or 1/4" diameter holes for screw mount.

Screws not included

Passenger Car Warning Triangle

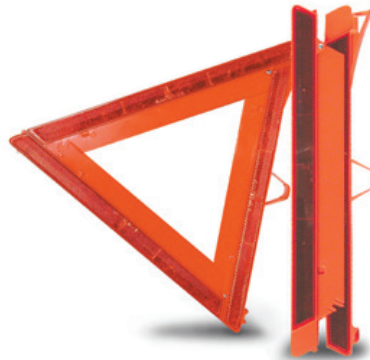

15" X 1" X 17" (folded)

71-1711-55

U.S. Patent No. 6,276,080

Reflective, window mount design instantly tells motorists to be alert for a roadside emergency. Mounts on window from inside the car. Collapsible design allows for easy storage and assembles quickly.

Retail Packaging

Emergency Warning Triangles

17 1/4" X 1 1/4" X 16 1/2" (folded)

73-0711-00 - Emergency Warning Triangle Kit

Fluorescent orange triangle with red reflectors are visible day or night. Weighted base with grip pads provide maximum stability. Made from non-flammable material. Meets Federal Motor Vehicle Safety Standard (FMVSS-125). Kit contains three warning triangles in a compact storage box.
