Cool, Quiet, Comfortable ▶ Create a Luxury Ride in every Car, Truck, Boat and RV

▶ Use HushMat to line your entire ride. Eliminate and reduce noise, heat, vibrations and rattles.

Car Audio

Make every speaker sound better!

Enjoy tighter mid-bass, more defined mid-range, and less rattle to achieve the highest co-ax speaker sound quality. Eliminate vibration, distortion, and the road and tire noise that interrupts your quality sound. Enjoy the finest high fidelity sound with HushMat.

Restoration

Late model comfort to your early model restoration.

Reduce engine and exhaust heat, and eliminate vibration and road and tire noise. Make your old rod feel NEW!

Rated #1 Insulator by Restorer Magazine in an independent study.

Performance

No heat guns, tools or solvents required.

HushMat's lightweight, pliable, thermal acoustic formula removes noise and heat from your interior.

Easy step-by-step Installation instructions on every box.

Hot Rod / Street Rod

Make your rod ride cool!

Treat surfaces with the technology designed for the automobile for over two decades. Reduce firewall, tunnel and floor pan thermal transfer by 40%!

Heavy Truck

Treat Entire Cab in 2 Hours!

Endorsed by Rod Pickett, from CMT Network's "Trick My Truck." Remove engine and road noise and reduce heat transfer. Treat cab floor and firewall. Make it feel like a newer, nicer, quieter truck!

RV & Marine

Silence the RV & Boat rattles!

RV's are rattle traps and boat noise is annoying. HushMat is the solution. Reduce boat engine noise by up to 10dB with Hushmat. Apply to RV floors, cabinets, walls and roof to eliminate annoying noise and vibrations.

▶ Apply HushMat products to: door skin, door frame, to floor from firewall to rear deck, trunk floor, underside of hood and trunk lid—every conceivable place—with no heat, no special prep and no tools.

▶ Simply choose the Kit for your specific application. (See back of brochure for complete product listing.) Vehicle-specific kits online.

Sound Deadening & Thermal Insulation Products
#1 Rated

▶ **Ultra™** ...the Installers choice!

The first step to cool, quiet and comfortable.

No cleaning or heating of surface required before application. Simply cut with scissors, peel and stick with guaranteed adhesion. Use to line your entire ride. Proven to perform from -30° to 550°F.

▶ **Silencer Megabond™**

The next step to the ultimate quiet.

Outstanding thermal insulating, sound absorbing foam with a rating to 300°F. Absorbs high frequency airborne noise, engine, road and wind noise up to 4000Hz. Apply Silencer right on top of Ultra. Adhesion is guaranteed.

Ultra+Silencer = the Ultimate Ride.

▶ **Quiet Tape™**

An installer-friendly innovation!

Secures wire harnesses and cables, preventing nuisance rattles. Just cut with scissors or utility knife, peel & stick. Adhesion is guaranteed.

▶ **Ultra H2O™**

Seal seams with e-z squeeze application.

A water-based formula with significantly better damping and sealing performance than spray or solvent-based materials, and it's self adhesive. Great for damping difficult to reach areas of the vehicle (inner door skin, rear quarter panel, trunk lids.) Apply with standard caulking gun. Paintable and sandable after three hours dry time.

Universal Application • OEM spec-approved • Effortless Installation • Guaranteed Adhesion
