

Universal AC Adapter CPUAC600

USER MANUAL

CONGRATULATIONS ON YOUR PURCHASE

Thank you for selecting the CyberPower CPUAC600 Surge Protector. This manual explains the features and operation of the CPUAC600. Please take a few moments to read this manual.

WARNING

IDENTIFYING THE CORRECT VOLTAGE AND POLARITY SETTINGS FOR THE CONNECT EQUIPMENT AND ADJUSTING THE PRODUCT ACCORDINGLY IS THE USER'S RESPONSIBILITY.

Caution: This device is intended to input 120V AC power, all necessary safety precautions should be followed. Not recommended for use by children.

Failure to adjust the adaptor settings to match the requirements of the connected device can result in damage to the device.

1. Identify the correct plug tip that fits in the device you wish to power.
2. Identify the polarity required for the device you are connecting. The polarity will typically be identified in either the user's manual or on the input specifications on the device itself (see 'Polarity Markings' section). Turn the tip you are inserting into the adaptor cord so that the '▶' text on the tip lines up with either the '+' or '-' symbol on the adaptor cord depending on whether positive '+' or negative '-' polarity is required. If the device is not polarized, either setting can be used. If the device does not have a polarity specification, contact the manufacturer of the device and ask them. Using an incorrect polarity can damage the device.
3. Set the voltage switch to the required voltage for the device you are connecting. The voltage required will typically be identified in either the user's manual or on the input specifications on the device itself. If you cannot determine the proper voltage, contact the manufacturer of the device and ask them. Using an incorrect voltage can damage the device.
4. Plug the adaptor cord into the device then plug the AC power cord for the adaptor into a standard 120V outlet. If the device does not function, unplug the AC power cord from the outlet immediately. Check to make sure the voltage and polarity settings being used are correct.

DETACHABLE PLUGS

- 2.5 (OD) x 0.75 (ID) x 10.5 ±0.5 (L) - Yellow
- 3.0 (OD) x 1.00 (ID) x 10.5 ±0.5 (L) - Black
- 3.5 (OD) x 1.35 (ID) x 10.5 ±0.5 (L) - Red
- 4.0 (OD) x 1.70 (ID) x 11.0 ±0.5 (L) - Yellow
- 5.5 (OD) x 1.50 (ID) x 12.2 ±0.5 (L) - Black
- 5.5 (OD) x 2.10 (ID) x 12.0 ±0.5 (L) - Blue
- 5.5 (OD) x 2.50 (ID) x 12.0 ±0.5 (L) - White

POLARITY MARKINGS

When looking for polarity markings on the device you wish to power with the CyberPower Universal AC adapter, they will typically be identified as such:

Positive Polarity	Negative Polarity

Depending on the device, the orientation of the positive and negative poles in the depiction may be reversed but, if the device requires positive polarity, the '-' symbol will be on the side with the 'C' shaped arc. If negative polarity is required, the '+' symbol will be on the side with the 'C' shaped arc.

1-YEAR LIMITED WARRANTY

Read the following terms and conditions carefully before using the CyberPower CPUAC600 (the “product”). By using the product, you consent to be bound by the terms and conditions of this 1-year limited warranty. IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS OF THIS WARRANTY, YOU SHOULD RETURN THE PRODUCT FOR A FULL REFUND PRIOR TO USING IT.

Who is providing this warranty, and what does it cover?

Cyber Power Systems (USA), Inc. (“CyberPower”) provides this 1-year limited warranty. It only covers the original purchaser and ends if you no longer own the product. This warranty covers defects in materials and workmanship in the product under normal use and conditions. This warranty covers the product for as long as you own the product, up to 1 year from date of purchase.

What must I do to make a warranty claim?

1. Call us at (877) 297-6937, or write to us at:
Cyber Power Systems (USA), Inc.
4241 12th Avenue East, Suite 400
Shakopee, MN 55379,
or send us an email at claims@cpsww.com within 10 days of the occurrence for instructions.
2. Identify the product and the purchase date.
3. Provide a dated purchase receipt (or other proof of the original purchase) and provide a description of the defect.
4. Pack and ship the product to CyberPower and all claim forms that are provided to you. Show the claim number on the shipping label, or include it with the product. You must prepay all shipping costs. You are responsible for packaging and shipment, and you must pay the cost of the repair estimate.
5. Do each of these within ten days of the occurrence.

What will CyberPower do to correct problems?

CyberPower will inspect and examine the product. If the product is defective in material or workmanship, CyberPower will replace it at CyberPower’s expense, or CyberPower will refund the full purchase price you paid for the product (purchase receipt showing price paid is required).

Who pays for shipping?

We pay shipping when we send items to you; you pay when you send items to us.

What are some things this Warranty does not cover?

1. THIS WARRANTY DOES NOT COVER: ANY SOFTWARE THAT WAS DAMAGED, SOFTWARE THAT NEEDS TO BE REPLACED DUE TO THE FAILURE OF THE PRODUCT, OR ANY DATA THAT IS LOST AS A RESULT OF THE FAILURE. THIS WARRANTY DOES NOT COVER THE RESTORATION OF DATA OR RECORDS, OR THE REINSTALLATION OF SOFTWARE.
2. This warranty does not cover: misuse, modification, operation or storage outside of the environmental limits of the product or the equipment connected to it. It does not cover damage while in transit or in storage; if there has been improper operation or maintenance, or use with items not designed or intended for use with the product, such as laser printers, appliances, aquariums, medical, or life support devices, etc.

What are the other limitations?

The sole and exclusive remedies of the initial customer are those provided by this warranty.

1. This warranty does not apply unless the product was connected to properly wired and grounded outlets (including compliance with electrical and safety codes of the most current electrical code), without the use of any adapters or other connectors.
2. The product must have been plugged directly into the power source, not “daisy chained” together in serial fashion with any extension cords, another product, or device similar to the product, surge suppressor, or power tap. Any such installation voids the warranty.
3. The product and connected equipment must have been used properly in a suitable environment, in conformance with any applicable license, instruction manual, or warnings.
4. The product must have been used at all times within the limitations on the product’s maximum rated wattage.

Where can I get more information?

Contact us at:
Cyber Power Systems (USA), Inc.
4241 12th Avenue East, Suite 400
Shakopee, MN 55379;
Call us at (877) 297-6937;
Send us an email message at claims@cpsww.com.

PRODUCT REGISTRATION

Prompt product registration assures coverage under the limited warranty, and also allows the opportunity of notifications for product enhancements, upgrades, and other announcements.

Registration is quick and easy. Go to the Product Registration Page at CyberPowerSystems.com/registration.
