Enhanced Range Digital Audio Monitor

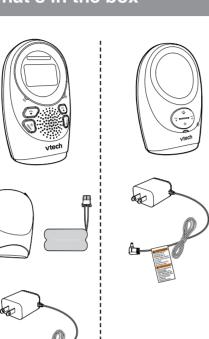

on purchasing your new VTech product. Before using this product, please read Important safety instructions.

Congratulations

This manual has all the feature operations and troubleshooting necessary to install and operate your new VTech product. Please review this manual thoroughly to ensure proper installation and operation of this innovative and feature rich VTech product.

For support, shopping, and everything new at VTech, visit our website at www.vtechphones.com.

What's in the box

1 set for DM1211; 2 sets for DM1211-2

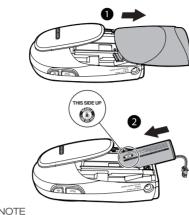

Install the battery

The parent unit runs on rechargeable battery or AC power. To continuously monitor your baby, make sure you use both battery and AC power at the same time. With the battery alone, the parent unit can cordlessly run for a short time

PNOTES

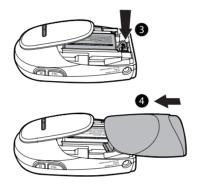

- Use only the battery supplied with this product.
- If the parent unit will not be used for a long time, disconnect and remove the battery to prevent possible leakage.

Install the battery as shown below.

⊘NOTE

 Make sure the **THIS SIDE UP** is facing up while inserting the battery.

Replace the battery

To replace the battery, unplug the battery connector from the socket, and then pull the battery out of the battery compartment. Follow the steps above to install the battery.

Til displays when strong signal

Connect and charge the batterv

ONOTES

- Use only the power adapters supplied with this product
- · Make sure the electrical outlets are not controlled by wall switches.
- The power adapters are intended to be correctly oriented in a vertical or floor mount position. The prongs are not designed to hold the plug in place if it is plugged into a ceiling, under-the-table or cabinet
- · Make sure the parent unit, the baby unit and the power adapter cords are out of reach of children.

Connect the baby monitor

Charge the parent unit battery

When you have connected the parent unit and installed its battery for the first time, it powers **⊘**NOTE on automatically. The battery icon indicates the battery status (see the following table).

Action

Battery

- · The parent unit battery is fully charged after 11 hours of continuous charging.
- It takes longer to charge the battery when the parent unit is turned on. To shorten the charging time, turn the parent unit off while charging.
- The standby time varies depending on the sensitivity level you set, your actual use, and the age of the battery

Battery

indicators	status	
The battery icon is off.	No battery is installed but operates using AC power.	Install the parent unit battery. Charge without interruption (at least 30 minutes).
The screen displays LOW BATTERY and The Ight flashes.	The battery has very little charge and may be used for only a short time.	Charge without interruption (about 30 minutes).
The battery icon becomes solid 	The battery is fully charged.	To keep the battery charged, connect it to power socket when not in use.

Before use

· This baby monitor is intended as an aid. It is not a substitute for proper adult supervision, and should not be used as such.

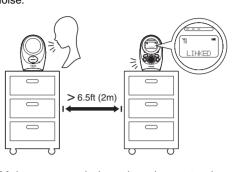

Test your audio monitor

You may test the baby monitor before initial use, and at regular times thereafter.

() CAUTION

 For hearing protection, make sure the parent unit is more than 6.5 feet (2 meters) away from the baby unit. If you hear any high-pitched noise, move the parent unit further until the noise stops. You can also

press on the parent unit to lower or mute the noise

- 1. Make sure your baby unit and parent unit are
- 2. Speak towards the microphone of the baby unit. You will hear the sound at the parent unit, and see the visual sound indicators light up.

ØNOTE

• When the parent unit displays **NOT LINKED** and If flashes, move the parent unit closer to the baby unit (observe the minimum distance of 6.5 feet/ 2 meters). You can also check if the baby monitor is connected to a live power socket and switched

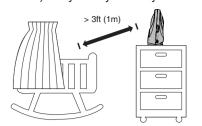

• Increase the speaker volume of the parent unit if you cannot hear the sounds transmitted from the

baby's crib or playpen.

• Keep the baby unit out of the reach of the baby. Never place or mount the baby unit inside the

Positioning the baby monitor

Place the parent unit more than 6.5 feet (2 meters) away from the baby unit.

(DCAUTION

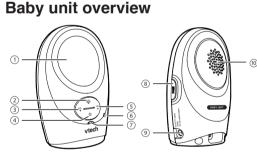

The default volume of your parent unit is level 3. If you experience high-pitched screeching noise from your baby monitor while positioning: Make sure your baby unit and parent unit are more than 6.5 feet (2 meters) apart, OR Turn down the volume of your parent unit.

Operating range

confirmation tone.

The operating range of the baby monitor is up to 1,500 feet (450 meters) outdoors or 160 feet (50 meters) indoors. The actual operating range may vary depending on the environmental conditions, and other interferences such as walls, doors, and other obstructions.

Set default

Use this feature to restore to the default settings. Restoring the default settings on one parent unit will also reset the shared settings for VOX sensitivity level of the other parent unit.

- 1. Press sherry when the parent unit is not in
- 2. Press VOL or VOL to choose **SET DEFAULT**, then press SELECT.
- 3. Press $\stackrel{\text{VOL}}{\blacktriangle}$ or $\stackrel{\text{VOL}}{\blacktriangledown}$ to choose **YES** or **NO**.
- 4. When you choose **YES**, press **SELECT** to confirm your selection. The screen displays **SAVED** and you hear a confirmation tone.

When you choose **NO**, press **SELECT** to confirm your selection. The screen displays the previous menu.

Talk to the baby unit

You can broadcast messages from a parent unit to the baby unit and the other parent unit. If you have two parent units, you can use both of them at the same time to talk to the baby unit.

- Press and hold TALK on the side of the parent unit. The screen displays **TALK** when the voice connection to the baby unit is 2. Speak towards the MIC on the parent unit.
- Your voice is broadcast to the baby unit and the other parent unit.

ØNOTES

- If you have two parent units, and you use one of them to talk to you baby, your voice will broadcast to both the baby unit and the other parent unit The other parent unit displays TALKBACK. However, no sound will transmit from the baby unit to any parent unit during broadcasting.
- If speaker volume of the parent unit has been turned off before the talk, it will change to default volume level after the talk finished.

Find/page the parent unit

- Use this feature to locate misplaced parent units. 1. Press **PAGE** on the baby unit. All idle parent units ring and display PAGING.
- 2. To end paging, press any key on the parent unit, or press PAGE on the baby unit.

ØNOTES

- Paging rings all parent units even if the speaker volume of parent unit is set to **VOLUME OFF**.
- The baby unit cannot page any parent unit that is turned off, out of range, or talking to the baby unit.

General product care

To keep this product working well and looking good, follow these guidelines:

- Avoid putting it near heating appliances and devices that generate electrical noise (for example, motors or fluorescent lamps).
- DO NOT expose it to direct sunlight or moisture.
- Avoid dropping the product or treating it roughly.
- Clean with a soft cloth DO NOT immerse the parent unit and the baby unit
- in water and do not clean them under the tap. DO NOT use cleaning spray or liquid cleaners.
- Make sure the baby unit and parent unit are dry before you connect them to the mains again.

Storage

switch on the

When you are not going to use the baby monitor for some time, remove the rechargeable battery from the parent unit. Store the parent unit, the baby unit and the adapters in a cool and dry place

- 24. The product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. SAVE THESE INSTRUCTIONS

- 1. Use and store the product at a temperature between 32°F and 104°F
- 2. Do not expose the product to extreme cold, heat or direct sunlight. Do not put the product close to a heating source.
- 3. Batteries should not be exposed to excessive heat such as bright sunshine or fire
- 4. **Marning**—Strangulation Hazard—Children have STRANGLED in cords. Keep this cord out of the reach of children (more than 3 ft away). Do not remove this tag.
- 5. Never place the baby unit inside the baby's crib or playpen. Never cover the baby unit or parent unit with anything such as a towel or a blanket. 6. Other electronic products may cause
- interference with your baby monitor. Try installing your baby monitor as far away from these electronic devices as possible: wireless routers, radios, cellular telephones. intercoms, room monitors, televisions personal computers, kitchen appliances and cordless telephones.

Precautions for users of implanted cardiac pacemakers

Cardiac pacemakers (applies only to digital cordless devices):

Wireless Technology Research, LLC (WTR), an independent research entity, led a multidisciplinary evaluation of the interference between portable wireless devices and implanted cardiac pacemakers. Supported by the U.S. Food and Drug Administration, WTF recommends to physicians that:

Pacemaker patients Should keep wireless devices at least six

- inches from the pacemaker. Should NOT place wireless devices directly
- over the pacemaker, such as in a breast pocket, when it is turned ON. WTR's evaluation did not identify any risk to

bystanders with pacemakers from other persons using wireless devices. Electromagnetic fields (EMF)

This VTech product complies with all standards regarding electromagnetic fields (EMF). If handled properly and according to the instructions in this user's manual, the product is safe to be used based on scientific evidence available today.

Champs électromagnétiques (EMF)

Ce produit de VTech est conforme à toutes les normes se rapportant aux champs électromagnétiques (EMF) standard. Si vous le manipulez correctement en suivant les instructions de ce quide, son utilisation sera sécuritaire pendant de nombreuses années, selon les meilleures évidences scientifiques dont nous disposons aujourd'hui.

Limited warranty

What does this limited warranty cover? The manufacturer of this VTech Product warrants to

the holder of a valid proof of purchase ("Consumer" or "you") that the Product and all accessories provided in the sales package ("Product") are free from defects in material and workmanship, pursuant to the following terms and conditions, when installed and used normally and in accordance with the Product operating instructions. This limited warranty extends only to the Consumer for Products purchased and used in the United States of America and Canada.

What will VTech do if the Product is not free from defects in materials and workmanship during the limited warranty period ("Materially Defective Product")? During the limited warranty period, VTech's authorized

service representative will repair or replace at VTech's option, without charge, a Materially Defective Product. If we repair the Product, we may use new

or refurbished replacement parts. If we choose to replace the Product, we may replace it with a new or refurbished Product of the same or similar design. We will retain defective parts, modules, or equipmen Repair or replacement of the Product, at VTech's option, is your exclusive remedy. VTech will return the repaired or replacement Products to you in working condition. You should expect the repair or replacement

How long is the limited warranty period?

to take approximately 30 days.

The limited warranty period for the Product extends for ONE (1) YEAR from the date of purchase. If VTech repairs or replaces a Materially Defective Product under the terms of this limited warranty, this limited warranty also applies to the repaired or replacement Product for a period of either (a) 90 days from the date the repaired or replacement Product is shipped to you or (b) the time remaining on the original one-year warranty: whichever

What is not covered by this limited warranty?

- This limited warranty does not cover: 1. Product that has been subjected to misuse, accident, shipping or other physical damage, improper installation, abnormal operation or handling, neglect, inundation, fire, water or other
- liquid intrusion; o Product that has been damaged due to repair, alteration or modification by anyone other than an authorized service representative of VTech; or Product to the extent that the problem experienced
- is caused by signal conditions, network reliability, or cable or antenna systems; or 4. Product to the extent that the problem is caused by use with non-VTech accessories: or

5. Product whose warranty/quality stickers, product

serial number plates or electronic serial numbers have been removed, altered or rendered illegible; or Product purchased, used, serviced, or shipped for repair from outside the United States of America or Canada, or used for commercial or institutional purposes (including but not limited to Products used for rental purposes); or

Product returned without a valid proof of purchase

8. Charges for installation or set up, adjustment of

customer controls, and installation or repair of

systems outside the unit. How do you get warranty service?

(see item 2 below); or

To obtain warranty service in the USA, please visit our website at www.vtechphones.com or call 1 (800) 595-9511. In Canada, go to www.vtechcanada.com or call 1 (800) 267-7377

of purchase.

This warranty is the complete and exclusive agreement between you and VTech. It supersedes Product. VTech provides no other warranties for this Product. The warranty exclusively describes all of VTech's responsibilities regarding the Product. There are no other express warranties. No one is authorized to make modifications to this limited warranty and you should not rely on any such modification.

State/Provincial Law Rights: This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state or province to province. Limitations: Implied warranties, including those of

fitness for a particular purpose and merchantability (an unwritten warranty that the Product is fit for ordinary use) are limited to one year from the date of purchase. Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. In no event shall VTech be liable for any indirect, special, incidental, consequential, or similar damages (including, but not limited to lost profits or revenue, inability to use the Product or other associated equipment, the cost of substitute equipment, and claims by third parties) resulting from the use of this Product. Some states/ provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Please retain your original sales receipt as proof
