## Warnings and Precautions

**WARNING:** To reduce the risk of fire or electric shock, do not expose this unit to rain or moisture.

**CAUTION:** Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.

“Caution Marking and Rating Label” is affixed under the lid or on the bottom of the unit with a mass not exceeding 7kg.

This symbol is intended to alert you to the presence of uninsulated, dangerous voltage within the unit's enclosure that might be of a sufficient magnitude to constitute a risk of electric shock. DO NOT OPEN THE UNITS CASE.

This symbol is intended to inform you that important operating and maintenance instructions are included in the literature accompanying this product.

### SAFETY

For units with an insertable AC Power Adapter cord set:

- The power adapter should remain operable for its intended use. Disconnect the AC Power Adapter if you are not intending to use the unit for a long period of time.
- When connecting or disconnecting the AC Power Adapter Cord, grip the plug and not the cord itself. Pulling the cord may cause damage and create a hazard.

For units with a Rechargeable Battery:

- Do not expose batteries to excessive conditions – extreme cold, heat, sun or fire.

### MOISTURE AND CONDENSATION

If the unit is exposed to moisture and extreme cold temperatures and moved to a warm environment, condensation may form on the units internal components. Under these circumstances, turning the power “ON” may cause damage to the unit or cause harm to the user. Allow the unit to stand in a warm environment for 1 to 3 hours and allow the unit to air dry safely.

### WHEN IN USE

- Do not use this unit in conditions that are extreme – hot, cold, dusty or humid.
- Do not restrict the air flow of the unit by placing it on a soft surface like a bed, carpet or covering.

### FCC INFORMATION

This unit complies with part 15 of the “FCC Rules.” Operation is subject to the following conditions:

1. This unit may not cause harmful interference.
2. This unit must accept any interference received, including interference that may cause undesirable operation.

Double insulation.  
This is a Class II apparatus.

FCC ID: 2ANH7-3938021TFT

# Important Safety Instructions

**1. Read These Instructions:** All safety and operations manual should be read before the product is operated.

**2. Keep These Instructions:** The safety and operations manual should be retained for future reference.

**3. Heed All Warnings:** All warnings applicable to the unit and in the operations manual should be adhered to.

**4. Follow All Instructions:** All operations manual should be followed.

**5. Water and Moisture:** Do not use this unit near water. For example, do not use near a bath tub, wash bowl, kitchen sink, or laundry tub. Do not use this unit in a wet basement or near a swimming pool or similar location. The unit shall not be exposed to dripping or splashing and no objects filled with liquids (ex: vases), shall be placed on or near this unit.

**6. Cleaning:** Clean the unit only with a dry cloth. Unit must be unplugged from the wall outlet before cleaning. Do not use liquid cleaners or aerosol cleaners on the unit.

**7. Ventilation:** Slots and openings in the cabinet of the unit are provided to ensure reliable operation and ventilation and to protect the unit from overheating. The openings must not be covered and should never be blocked by placing the product on a soft surface like a bed, sofa, or rug. This unit should not be placed in a built-in installation like a bookcase or rack, unless proper ventilation is provided.

**8. Heat:** Do not install the unit near any heat source like a radiator, heat register, stove or other device that produces heat, including amplifiers.

**9. Grounding or Polarization:** If applicable, do not disable or circumvent the polarized or grounding-type plug. A polarized plug has 2 blades with 1 wider than the other. A grounding-type plug has 2 blades and a 3<sup>rd</sup> grounding plug. The wide blade, or the 3<sup>rd</sup> prong, is provided for your safety. If the provided plug does not fit into an outlet, consult a qualified electrician for replacement of this outlet.

**10. Power Cord Protection:** Protect the power cord from being walked on, pinched or cut or damaged in any

way. If any damage occurs, consult with a trained technician for repair.

**11. Accessories:** Only use accessories specified and approved by the manufacturer. Do not place this unit on an unstable cart, stand, tripod, bracket or table that has not been previously approved by the manufacturer. This unit may fall, causing serious injury to a child, adult or to the unit itself. Any mounting of the unit should be done within the manufacturer's guidelines.

**12. Transporting:** If a pre-approved device is used to transport this unit, caution and care must be observed and practiced to avoid damages. Make sure the device and unit together are stable before moving.

PORTABLE  
CART  
WARNING

**13. Lightning:** Unplug this unit and disconnect the antenna or cable system during lightning storms or when unused for long periods of time. This will help prevent damage to the unit due to lightning and power line surges.

**14. Servicing:** Do not attempt to service this unit yourself. Opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to a qualified service technician.

**15. Power Sources:** Only connect to the type of household power supply as indicated in the operations manual and "Caution Marking and Rating Label." If you are not sure of the type of power supplied to your home (or location of the outlet the unit is being plugged into), consult with the local power company. For units intended to operate from battery power, or other sources, refer to the manufacturer's operations manual.

**16. Overloading:** Do not overload wall outlets or extension cords. This can result in a risk of fire or electric shock and may be hazardous.

**17. Foreign Material:** Protect this unit from intrusion of any foreign substances like dirt, water, moisture and insects. Do not force any foreign materials or chemicals into this unit. This could result in a risk of fire or electric shock and may be hazardous.

**18. Replacement Parts and Safety Check:** When replacement parts are required, be sure the service technician has used replacement parts specified and approved by the manufacturer. Ask the service technician to perform safety checks to ensure the proper operation to avoid possible fire, electric shock or other hazards.

**19. Outdoor Antenna Grounding:** If an outside antenna or cable system is connected to the unit, be sure the antenna or cable system is grounded to provide some protection against voltage surges and built-up static charges. If there is any doubt to the proper grounding of these systems, contact a qualified electrician to inspect your location.

**20. Wall or Ceiling Mounted:** The unit should be mounted to a wall or a ceiling only as recommended by the manufacturer.

**21. Disconnect Device:** Make sure all disconnect devices are in proper working condition and readily available in the event of an emergency or if power "off" is needed quickly.

**22. Protective Attachment Plug:** If applicable, this unit may be equipped with an attachment plug having overload protection. This is a safety feature. See the operations manual for replacement or resetting of this protective device. If replacement of the plug is required, be sure the qualified service technician has used a replacement plug specified by the manufacturer that has the same overload protection as the original plug.

**23. Power Lines:** An outside antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can fall into such power lines or circuits. When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits, as contact with them may be fatal. Always consult with your local power company before installing an outside antenna.

## Caution

---

- Please use the original box and packing materials for safe transportation of this product.
- It is normal for the cover and rear panel to become warm after the player has been operating for an extended period of time.
- Do not move this product during playing. Doing so may cause damage to the pickup and the disc.
- Press OPEN CD DOOR button to open tray. Do not pull the tray. Do not touch tray when opening or closing.
- USB Flash Devices should be formatted to FAT32 on your computer before use.
- When EQ function /key control is turned on, the Recording effect/result would not be ideal.
- Do not use hard or sharp instruments to touch the TFT Screen, it may scratch or damage its surface!

4. Do not dispose of batteries in fire.
5. Do not heat up batteries.
6. Do not expose batteries to water.
7. Do not charge or recharge batteries.

## Monitor Message

## Connect Power Adapter

Plug the included AC adapter into the standard AC power outlet to power the unit. Connect small end to DC INPUT jack of the KARAOKE MACHINE. After adapter connection, Slide the MAIN POWER switch to ON position and press STANDBY button to turn on unit. Press the SOURCE button ( unit or remote) to select USB / DISC / BLUETOOTH / AUX mode for listening.

## Charging Internal Battery

---

The KARAOKE MACHINE operates on a built-in battery that can be recharged using included adapter.

### CHARGING THE BATTERY FOR FIRST TIME

1. Connect the including adapter for start charging the internal battery
2. Charge the built-in battery a minimum of 12 hours prior to first use. Plug the included adapter for charging.
3. The CHARGING indicator will light to RED color while charging and turn to GREEN color when the unit is fully charged.
4. When battery charging completed, unplug the adapter.

### RECHARGING THE INTERNAL BATTERY

After prolonged use, the internal battery will become weak and the operation may become intermittent. When the internal battery charge is low, the CHARGING indicator will turn "ON" RED color and FLASH" alerting you to recharge the internal battery as soon as possible.

### BATTERY WARNING:

1. Do not open batteries.
2. Do not dispose of batteries in fire.
3. Do not heat up batteries.
4. Do not expose batteries to water.

## Using Microphone

---

Requires a microphone (included 2 microphone) .

1. Plug the microphone (see below figure) into the MIC 1 INPUT or MIC 2 INPUT of the KARAOKE MACHINE.
2. Slide the ON /OFF switch of MICROPHONE,
3. Use the MIC VOL dial to adjust the volume of audio sound from the microphone.

REAR VIEW OF MAIN UNIT

FRONT VIEW OF MAIN UNIT

## Charging Your Mobile

Connect USB cable (not included) for charging your smart device.

1. Plug the standard end of the USB cable into the USB port located on the rear of the KARAOKE MACHINE. Plug the small end of the USB cable into the device you wish to charge.
2. Observe the battery charge indicator on your device and the charging will start immediately.
3. Remove the charging cable when charging complete.

Notes:

- USB charging port supplies DC 5V output,
- USB charging port cannot support data transfer or connect to computer.
- Do not connect USB port of this unit to other external power charger USB ports or computer, it may damage both units and void the warranty.

## Replace Built-in Battery

1. Push the POWER switch to OFF position.
2. Use screw driver to open the battery door
3. Move out the internal battery
4. Push in new battery pack into battery compartment.
5. Close the battery door.
6. Use screw driver to lock the battery door.

Notes:

- Batteries shall not be exposed to excessive heat such as sunshine, fire
- Only same or equivalent type batteries as recommend are to be used.
- Do not dispose of batteries in fire, battery may explode or leak.

REAR VIEW OF MAIN UNIT
