

**Product Code:** GF-PCR9

**This rope is NOT adjustable.**

**Pro Cable Jump Rope is designed to be used on smooth surfaces, or jump mats, to ensure the longevity the rope.**

***How Often should I Check my Exercise Equipment?***

GoFit equipment should always be checked thoroughly before each and every use to assure there are no nicks, tears, holes or other damage to the item. Using damaged items could lead to severe injury. If any sign of damage or wear is present, immediately discontinue use of the item and contact GoFit Customer Service for assistance.

To extend the life of the product, you should train on a jump mat or other smooth surfaces only. Rough jump surfaced will damage the cable coating.

GoFit,LLC is NOT responsible for any personal harm or property damage that may occur if the product is used improperly.

***GOFIT PRODUCT WARRANTY***

This Limited Warranty applies to physical goods purchased from GoFit, LLC.

The Limited Warranty covers any defects in material or workmanship under normal and expected personal use during the warranty period.

All GoFit products are warranted for 1 year from purchase.

The Limited Warranty does not cover any problem that has arisen from:

- Use outside of a home environment or personal use.
- Damage from use of the product in a manner not directed.
- Damage from neglect or abuse
- Damage in shipping (unless shipped direct from GoFit Store)
- Any and all other situations that were not related to defect in manufacture.

To obtain warranty service, original owner of the product must contact GoFit Customer Service directly, for review of the problem and resolution appropriate to each customers' issue.
