

HYPERGEAR

BT 780

Wireless Headset

Experience wireless freedom. The low profile, ultra-compact and lightweight BT780 Wireless Headset delivers high definition music and crystal clear calls with an incredible battery life. Enjoy 24 hours of extended talk time per charge and a super fast recharge in just 45 minutes! With multipoint Bluetooth pairing, you can switch between phone calls from 2 different devices. The rotatable earbud lets you wear the headset on either your left or right ear, and form fitting ear gels ensure long-wear comfortability. With the BT780 it's easy to be hands-free.
