INSTALLATION ACCESSORIES

RAPTOR®

RAPTOR-ONLINE.COM

RAPTOR INSTALLATION ACCESSORIES

As aggressive and dominant as its namesake, Raptor provides superior performance and cosmetics at entry-level price points – a mission based upon our belief that "affordable" and "cheap" installation accessories shouldn't be one and the same. Raptor products are developed and overseen by an in-house staff of mobile audio professionals with years of experience in design, engineering, installation, competition and automotive development.

Our economy of scale in the industry allows us to provide an upgrade hardware experience at an exceptional value. All materials are first-quality, right down to the gold plating for plugs, connectors and terminals. The result: leading-edge accessories that deliver true-to-spec performance, with a degree of style typically reserved for premium-level brands.

Raptor has now gone GREEN. The packaging has been updated to reduce size and plastic. Wherever possible we have reduced the overall footprint of our packages. The goal is to save space on the shelf and make more efficient for shipping. Also, we created a new heavy-duty card stock outer package instead of plastic blisters. This of course helps the recycling capabilities of our packages and also makes the packages easier to open but keeps the contents secure until it is used.

THE POWER OF METRA'S FIT GUIDE ANYTIME. ANYWHERE.

- Enables an easy search of all Metra products.
- Allows dealers and customers to browse and filter parts by vehicle specifics such as make, model, year and trim.
- Lets dealers quickly place orders for parts – no online payment needed, Metra does the rest.
