

No Drills. No Screws. No Anchors. No Damage.

NO STUD FLOATING SHELF™

HANGMAN®

The No Stud Floating Shelf™ allows you to easily decorate your home with minimal damage and strong holding power! Built with our patented HANGMAN® Cleat System, this innovative shelf mounts flush against the wall using tiny nails and an aircraft grade aluminum bracket. Don't worry about the studs, just pick your spot and hang it!

All hardware is included, all you need is a hammer.

Installation

Step 1: Install wall bracket using provided nails & level.
Install center nail first to keep bracket from swiveling.

Tip: Use a minimum of 3 nails. (One in the center and one on each end)
This will hold 6 lbs. Each additional nail holds 2 lbs.

Step 2: Engage ledge to bracket as shown & center.
Remove level first before engaging.

Step 3: Decorate!

Ideal for any room.
