

ULTRA PROLENS™ CLEANER

CARBON FIBER TECHNOLOGY

DESIGNED FOR
CD PLAYERS

Safely cleans your device's laser lens for optimal play of discs

HOW DOES IT WORK?

- Simply insert the Ultra ProLens™ Cleaner into the player with the graphics side facing up (disc should automatically play)
- Follow the quick and easy audio instructions (includes English and French)
- The 8-brush carbon fiber brushes eliminate harmful static and build up, protecting valuable media discs

WHAT TYPE OF DEVICES CAN IT CLEAN?

Resolves issues with discs that load slowly, skip, or freeze during playback due to a dirty laser lens

WORKS WITH:

- Car CD Players
- CD Players
- DVD Players
- Xbox/Xbox 360
- Playstation
- Playstation 2

NOT COMPATIBLE WITH:

- Blu-Ray
- Xbox One
- Nintendo Wii/Wii U
- Playstation 3
- Playstation 4
- Multi-Disc Players

IT'S SAFE

The soft rotating brushes gently remove dirt and debris from your laser lens without harming the glass.

IT FIXES

Dust or dirt buildup on your laser lens can prevent the laser from properly reading the data on your disc. The Ultra ProLens Cleaner removes that dust and debris, bringing new life to your device.

8-BRUSH TECHNOLOGY

The 8-brush carbon fiber brushes remove dirt and dust build-up that can cause audio and video dropout and distortion.
