

## **Powerful defense from a distance**

Designed with an LED light, this pepper gun empowers you to distract and stop oncoming threats in their tracks.

- Sleek delivery system contains 7 bursts and sprays at a range of up to 20 feet
- Dual mode LED strobe light distracts distant threats and enhances aim
- OC pepper spray causes respiratory distress and coughing, impaired vision and an intense burning sensation to the skin
- UV dye leaves a long-lasting residue to support investigation and identification

## **Enhanced control, accuracy and safety**

Easy to grab, aim and fire, this pepper gun is engineered to deliver maximum security and accuracy.

- Slide-release safety switch to prevent accidental discharge
- Easy-to-load OC pepper spray cartridge locks in place
- Pistol-grip design for point-and-shoot accuracy

## **Always ready**

The Pepper Gun with Strobe LED is ready if and when you need it. For maximum effect and range, prepare the pepper spray by rapidly shaking the pepper gun before taking aim. Deploy the pepper spray by placing your forefinger on the trigger, squeeze and hold for two to three second bursts.
