

Personal Alarm Keychain

The Mace Brand Personal Alarm Safety Keychain emits a 130dB shriek.

- **USE:** To use the Mace Brand Personal Alarm Keychain, simply depress the button on the front of the alarm which will then deter any attacker or intruder but can also function to draw attention to you if you need medical attention or help. To deactivate this black personal alarm, depress the button on the back of the alarm.
- **EXPIRATION:** One year after purchasing your Mace Brand Personal Alarm safety keychain, we recommend you test the alarm to make sure that it is ready to go whenever and wherever.
