

# Seamless Integration

Connect new & legacy Windows® devices without a hitch.

## Getting down to business without interruption

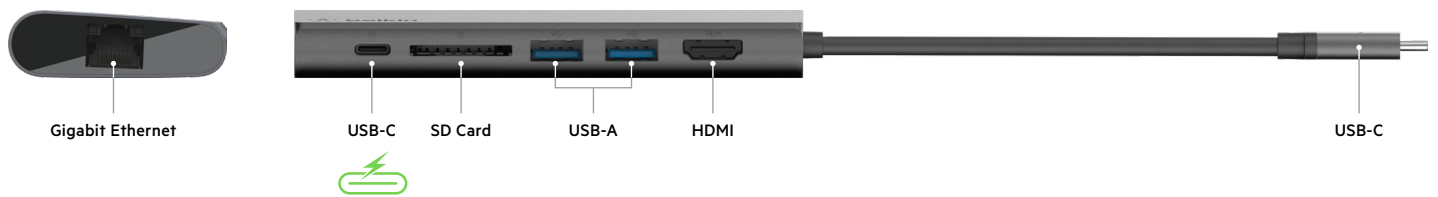

Belkin Business Solutions are built to strengthen users' connections to the digital world, by bringing next-generation intelligence and functionality to all the devices that take them there. Advanced research and design enables us to anticipate usability challenges and engineer flexible tools to address them. Belkin designs and manufactures intelligent solutions that modernise the workplace and build success.

## Docks and Hubs that are always up to the task

Thunderbolt™ 3 & USB-C docks and Hubs deliver super-fast data transfer, high-definition visuals, and power pass-through for laptops to improve collaborative working from anywhere, while enabling the mixing of legacy devices (with VGA, HDMI, DVI) and new devices (USB-C).

### USB-C™ Multimedia Hub

F4U092btSGY

#### Connect multiple devices to a USB-C laptop through a single cable

With up to 5 Gbps of bandwidth and pass-through charging up to 60 W, this USB-C multiport hub is the perfect all-in-one solution to connect your USB-C laptop to multiple devices.

Lead a seamless presentation or create your ultimate work station, with this hub you can connect projectors, 4K 30 Hz monitors, SD cards, and thumb drives.

<b>Partnumber</b>	F4U092btSGY
<b>Maximum speed</b>	5 Gbps (shared)
<b>OS Compatibility</b>	macOS & Windows
<b>USB-C Host Compatibility</b>	—

<b>Ethernet</b>	1 x Gigabit
<b>Audio</b>	Over HDMI
<b>SD Card Reader</b>	Yes
<b>PSU</b>	—
<b>Power Delivery</b>	Pass-through up to 60 W

### Thunderbolt 3™ Dock Pro

F4U097vf

**The ultimate workstation with all the benefits of Thunderbolt 3 in a single docking solution.**

Enjoy Ultra-High Definition monitor support, up to 40 Gbps transfer rates, 85W of power to your laptop, and support for multiple peripherals via Thunderbolt, USB-A, USB-C, Ethernet, SD and Audio ports.

### Thunderbolt 3™ Dock Plus

F4U109vf

**An instant workstation. Fast, ultra-HD, powerful and versatile.**

With 40 Gbps transfer rates,\* 60W power to charge your connected laptop, dual 4K 60 Hz monitor support and multiple ports for peripherals, simply connect the dock to your laptop to create a high-performing, instant workstation.

### Thunderbolt 3™ Dock Core

F4U110bt

40 Gbps transfer rates, 60W power upstream charging, dual 4K 60Hz monitor support and multiple ports for peripherals. The small footprint delivers the flexibility of an expanded desktop without taking up too much xspace.

### USB-C™ 4-Port Mini Hub

F4U090btBLK

Connect your new USB-C laptop, to multiple USB devices with this comprehensive port expansion hub. Two USB-C ports connect new devices, while two USB-A ports allow easy connection for existing devices, such as a hard drive, mouse, keyboard or printer.

## USB-C™ Adapters

Add stunning, high-definition display capabilities to today's most popular digital devices with AV solutions that bridge any technology gap and work flawlessly.

### USB-C™ Multimedia + Charge Adapter (100W)

AVC004btBK

- HDMI
- VGA
- Ethernet
- USB-A 3.0
- USB-C™ (+PD)

Keep watching and stay charged. This 5-port adapter supports Gigabit Ethernet, USB-A 3.0, VGA, 4K HDMI, and data transfer plus up to 100W of pass-through power through USB-C™, making it the perfect tool in meetings, auditoriums, classrooms, or on the go.

### USB-C™ Multimedia Adapter

AVC005btBK

- HDMI
- VGA
- Ethernet
- USB-A 3.0

Compatible with devices that have a video-enabled USB-C™ port. Supports Gigabit Ethernet, USB-A 3.0, VGA, and 4K HDMI, making it ideal for meetings, classrooms, and on-the-go presentations.

### USB-C™ Video Adapter

AVC003btBK

- HDMI
- VGA
- DisplayPort
- DVI

Connects your laptop or tablet to an HDMI, VGA, DisplayPort, or DVI video display with a convenient, four-port USB-C video adapter. Crystal clear video resolutions are supported through a tethered USB-C cable.

### RockStar™ 3.5mm Audio + USB-C™ Charge Adapter (36W)

F7U080btBLK

Equipped with a USB-C and a 3.5mm auxiliary port so to listen & charge simultaneously. High-quality components and digital-to-analog converter provide superior audio.

**USB-C™ to HDMI®  
+ Charge Adapter (60W)**

AVC002b+BK

Connects to your laptop or tablet via USB-C port, giving you both an HDMI port for video and a USB-C port for power. Plug-and-play design works universally with Mac & Windows laptops and other USB-C devices.

**USB-C™ to HDMI® Adapter**

F2CU038b+BLK

Share media from your USB-C enabled laptop on an HDMI-enabled display. Supporting 4K resolutions up to 4096 x 2160 @ 60Hz, this adapter delivers a crisp image free of motion blur and noise.

**USB-C™ to VGA  
+ Charge Adapter (60W)**

AVC001b+BK

Connects to your laptop or tablet via USB-C port, giving you both a VGA port for video and a USB-C port for power. Plug-and-play design works universally with Mac & Windows laptops and other USB-C devices.

**USB-C™ to VGA  
Adapter**

F2CU037b+BLK

15cm finely tuned USB-C cable, allowing a seamless connection from any compatible USB-C device to your legacy projector, TV or monitor.

**USB-C™ to Gigabit Ethernet  
+ Charge Adapter**

INC001b+BK

Convenient access to a fast and reliable network connection and supporting USB-C Power Delivery at the same time, this plug-and-play adapter works with Mac & Windows laptops and other USB-C devices.

**USB-C™ to Gigabit Ethernet  
Adapter**

F2CU040b+BLK

15cm finely tuned USB-C cable, allowing a seamless connection from any compatible USB-C device to your legacy projector, TV or monitor.

## USB-C™ Cables

Designed to maximize speed, reliability, and efficiency. Technology, both old and new, will integrate seamlessly, giving users better performance from every device in their arsenal.

### USB-C™ (3.1) to USB-C™ Cable (1m)

F2CU052b11M-BLK

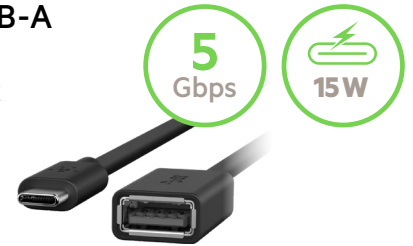

#### The Ultimate USB Connection

Up to 10 Gbps transfer speeds, 20x faster than USB 2.0 (480 Mbps) and 2x faster than USB 3.0 (5 Gbps). Quickly and safely charge your USB-C device as well as sync your photos, music and data to your existing USB-C enabled device. Compatible with Thunderbolt™ 3 and Samsung Galaxy S8/S8+.

### USB-C™ (3.0) to USB-A Adapter Cable

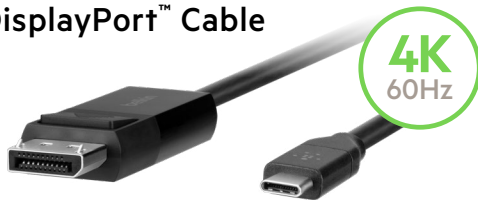

F2CU036b1BLK / B2B150-BLK

This USB-C to USB-A Adapter lets you charge your USB-C device as well as sync photos, music and data to your laptop at transfer speeds of 5 Gbps. Supports up to 3 Amps of power output for charging USB-C devices.

### USB-C™ to DisplayPort™ Cable

B2B103-06-BLK

Compatible with any device that has a video-enabled USB-C port – including many popular smartphones, tablets, and laptops. Connect your device to 4K displays, HDTVs, and any other display equipped with a DisplayPort.

### RockStar™ USB-C™ to 3.5 mm Audio cable

F7U079b103-BLK (0,9 m)  
F7U079b106-BLK (1,8 m)

Play audio from a USB-C device over a (car) stereo system. Just plug in to play. No need for adapters.

DVI-D to DVI-D Dual link Video Cable	1.8 m or 3 m (M/M) F2E414

## Charging & Power

### GaN : Big Power and Fast Charge in a smaller size

Experience next-level charging with advanced GaN technology.

This powerful addition to our charging family offers fast charging for multiple devices in an unusually compact and convenient size. Gallium nitride (GaN) is a high-performance alternative to the traditional silicon used in charging devices. GaN transistors produce less heat, allowing components to be closer together, which means you get a much smaller charger with all the power of a big one

#### USB-C™ Dual Wall Charger GaN, (63W)

WCH003vfWH

WCH003myWH

#### BOOST-UP CHARGE™ USB-C™ 20K Power Bank + USB-C™ Cable

F7U063 / BPB002

- 1 x 12W USB-A
- 1 x 30W USB-PD 2.0 input
- 1 x USB-PD 2.0 30W output
- LED charge indicator lights

#### Get the right amount of power to your devices from each USB-C port.

Intelligent power sharing provides the most efficient charge by sensing when each port is in use and directing optimal power accordingly. Charge one USB-C device and get up to 60W, or charge a laptop or tablet up to 45W, and a smartphone up to 18W with the other port.

#### A high capacity power bank designed for USB-C devices.

The included USB-C cable supports USB Power Delivery 2.0, 30 W, to rapidly power up your USB-C device and recharge the power bank. An additional USB-A port offers faster charging for older devices. LED lights indicate charge level.
