

KENWOOD

GLOSSARY

- 
Capacitive Touch Panel
 Clear glass display with swipe functionality that provides superior picture and touch panel control.
- 
Clear Resistive Touch Panel
 A clear screen designed to reduce glare that includes a resistive touch sensor for accurate control during operation.
- 
Wireless Mirroring for Android
 Solution for seamlessly displaying and controlling your smartphone apps on a screen without cables on select Android devices.
- 
USB Mirroring
 USB Mirroring via USB for iPhone & Android, 2-way Touch Control for Android.
- 
Android USB Mirroring
 Solution for seamlessly displaying and controlling your smartphone apps on a screen via a USB connection on select Android devices.
- 
Customizable Multi-Widget
 Customize your Home Screen by selecting four shortcut/information widgets. Widget options can include album art, clock, compass, photo frame, visualizer, weather, turn-by-turn, Garmin navigation, and more.
- 
Music Mix
 Up to 5 Bluetooth® devices can be paired to the head unit at the same time, you can enjoy audio streaming just by switching the devices with your friends or family.
- 
Dual Phone Connection
 While you are connected through Bluetooth, with a touch of a button you can switch between two phones.
- 
Remote App
 A smartphone application can control most basic functions of the receiver over the Bluetooth connection of the paired phone (iPhone or Android).
- 
Wireless Music Browsing (AVRCP 1.5 / 1.6)
 Search and select songs from your music collection through a Bluetooth connection.
- 
Graphic EQ / Digital Time Alignment
 13-Band equalizer and DTA gives optimal tuning enhancements for listener.
- 
Drive EQ
 Boosts specific frequencies in the audio signal to overcome the negative impact of road noise.
- 
FLAC Supported
 Compatible with various audio file formats from FLAC and WAV, to MP3, WMA and AAC.
- 
Dash Cam Link
 Dash Camera (DRV-N520) can be controlled and viewed from the touch screen.
- 
4 Camera Inputs
 Optional camera connection method for up to 4 cameras in various configurations.
- 
3 Camera Inputs
 Optional camera connection method for up to 3 cameras in various configurations.
- 
Parking Guide Lines
 Parking guide lines (requires installation of compatible backup camera) that enhance the effectiveness of a backup camera.
- 
3 Years Map Care
 KENWOOD offers 3 years map updates enabling you to keep up to date. Download the latest maps online to an SD card and insert to your navigation system.
- 
Lane Assist
 Lane Assist guides you to the correct lane for an approaching turn or exit, making unfamiliar intersections and exits easy to navigate.
- 
DUAL USB
 Multiple USB ports provide additional inputs for music sources or smartphone battery charging.
- 
Detachable USB
 The USB cable can be disconnected from the back of the receiver for easier installation and service.
- 
Short Chassis
 With receivers shorter in depth than any of our previous models, installation is made easier in a wider range of cars than ever before.
- 
FRONT USB & AUX
 Easy front panel connection for your compatible USB-enabled devices. These include iPhone, iPod devices as well as compatible Mass Storage Class devices like smartphones, USB thumb drives and portable hard drives.
- 
Conformal Coating
 Improved moisture resistance of the circuit boards to prevent corrosion.

KENWOOD Dash Cams provide enhanced security for you and your vehicle, capturing every event in full HD or higher video quality. The DRV-N520 is controlled by a KENWOOD Dash Cam Ready receiver, allowing video captured by the camera and safety prompts to be displayed on the multimedia receiver screen.

DRV-A700WDP
Front & Rear Camera with Wireless Link
*Parking Cable Included

DRV-A601WDP
Front & Rear Camera with Wireless Link

DRV-A501WDP
Front & Rear Camera with Wireless Link

DRV-A301W
Dashboard Camera with Wireless Link

Wireless Smartphone Link*

The KENWOOD DASH CAM MANAGER app allows you to easily change the menu settings of your dash cam and browse through recorded videos as well as real time live view from your smartphone in an intuitive way. By downloading the video / photo files into your smartphone, you can even review them while routing on Google Maps™ with the GPS information such as speed, G-sensor and distance, and edit the videos to share them on social media. Download the app from App Store (iOS) or Google Play (Android™) on your smartphone.

*DRV-A series only

HD Camera Input

The optional CMOS-740HD camera can be connected to the DMX1037S front or rear camera input, displaying the image in true 1280 x 720 (720P) High Definition.

4 Camera Inputs*

You can connect a front camera, a blind spot camera, a KENWOOD dashboard camera (DRV-N520 sold separately), and a rear camera. Other supported configurations include the connection of 2 blind spot cameras, a front camera, and a reverse camera. Camera switching is available using on screen controls, or automatically for side cameras when an optional iDatalink Maestro RR or RR2 is connected (supported vehicles only).

*The KENWOOD CA-C3AV cable (sold separately) is required to use the 4th camera input

Wireless Mirroring for Android

Solution for seamlessly displaying and controlling your smartphone apps on a screen without cables on select Android devices.

Quick Release Magnetic Mount*

The patent-designed magnetic mount, unlike the traditional mounts which use a latching mechanism, allows you to place and remove the device simply and instantly. No cable to connect or disconnect from the dash cam.

Parking Mode Recording*

When the vehicle is parked and turned off, parking mode becomes active. If the vehicle is subject to a collision or other physical impact, the camera powers on and automatically records 30 seconds of video.

*Parking Mode Recording requires optional hardware kit: CA-DR1030

CMOS-740HD
HD Front/Rear View Camera

CAX-HL10QI
Qi Wireless Charging Car Mount

CA-C3AV
Mini-Jack to RCA Cable Adaptor

Adjustable 3-way Display Position

Fully adjustable display allows you to change the depth, height and angle for easy vehicle fitment.

*DMR1037S only *Set-up the depth position before install the unit to panel. *Tilt angle is adjustable after installation.

High-Resolution Audio

High-Resolution Audio is high-quality sound that exceeds the CD standard. With its increased detail the music takes on a new life, from the most delicate passage to the dynamics of ultra-high frequencies and deep lows. You will feel as if you were in a concert hall.

Apple CarPlay
Apple CarPlay™ is a safer way to use your iPhone in the car. Simply talk to Siri or touch the receiver's display to get directions from Apple Maps, make phone calls, listen to voicemail, send and receive texts, and listen to music from Apple Music or your favorite 3rd party streaming services like Pandora and Spotify, all in a way that allows you to stay focused on the road. With the latest iOS version (iOS 12.0 and higher), 3rd party navigation apps like Google Maps and Waze are also supported. New KENWOOD Wi-Fi receivers now support Apple CarPlay wirelessly (compatible phone required).

Vehicle Infotainment

iDatalink Maestro RR or RR2
When an Automotive Data Solutions iDatalink Maestro RR or RR2 (sold separately)* is connected to a compatible KENWOOD receiver, it provides a seamless interface with factory infotainment features such as Satellite Radio, USB Media Player, Bluetooth hands-free and music streaming. Factory driver assistance systems and cameras are also retained and work as they did originally. Parking sensor display and dynamic parking guide lines are also added in supported vehicles on the rear camera screen. Vehicle information such as HVAC, performance information, and TPMS can also be displayed. Radar detector information can also be displayed on the screen when used with a compatible K40 or ESCORT* radar detector system (sold separately). ESCORT compatible with Maestro RR2 only.

android auto
Android Auto™ was designed with safety in mind, helping you to minimize distractions and stay focused on the road. KENWOOD's multimedia receivers combine an intuitive voice controlled interface with a large touch screen and superior sound quality, making it the perfect complement for your in-car life. You can even listen to and control music from your favorite streaming services like Pandora and Spotify. Navigate to where you need to with Google Maps or Waze. New KENWOOD Wi-Fi receivers also support Android Auto wirelessly (compatible phone required).

*To use Android Auto on your car display, you'll need an Android Auto compatible vehicle or aftermarket stereo, an Android phone running Android 5.0 or higher, and the Android Auto app.

*Available features vary by vehicle.
