## COLOR NIGHT IMAGES

Utilizing the latest in AI Stealth Cam COMMAND PRO converts infrared black & white images to full color night images for a real world look at the subject matter.
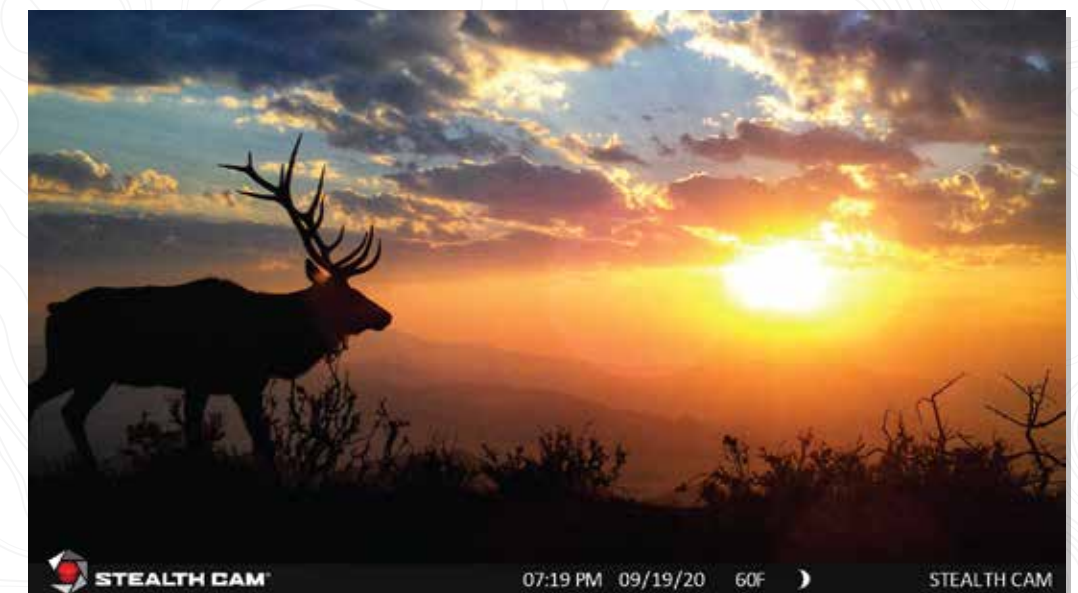

## VIDEO CAPABLE WITH GIF PREVIEW

The new Stealth Cam DS4K Transmit and Reactor are capable of transmitting 10 second video clips. COMMAND creates a 3 frame GIF giving you a preview of the video prior to downloading the full clip.*

## SPECIES RECOGNITION & CUSTOM FILTERING

New custom filters allows the user the ability to view images by date range, moon phase and species automatically categorized by COMMAND PRO.

## HIGH RESOLUTION DOWNLOAD

COMMAND 2.0 allows the user the option to download the full resolution image.

*Additional data rates apply for video downloads
