

DH8

INFRARED SURFACE & PROBE DIGITAL THERMOMETER

Hit the temperature you're aiming for

The DH8 is an extremely versatile tool with the functions of **two thermometers in one device**. IR (infrared) mode lets you **read surface temperatures**; great for checking the temps of grill grates, pizza stones, or food. The DH8's **oven-safe** plug-in probe (with **40 inch cable**) delivers **internal temperature measurements**, ensuring your food is safe for consumption. Boasting an **extra-large backlit display**, the DH8 is perfect for the home or outdoor cook who needs two precision tools in one easy to use unit.

DH8 Features:

2 in 1

Check surface and internal temperatures with one device.

IR Technology

Allows you to check surface temperatures while keeping your hands at a safe distance.

Plug-In Probe

The included probe (with 40 inch cable) allows for internal measurements.

Extra-Large Backlit Display

Temp Alert, Min/Max, & Audible Alerts
