Material Safety Data Sheet

Section 1. Product and Company Identification

Product Name: Koblenz^R Neutral Cleaner

Description: Neutral Cleaner - pH balanced

MSDS Issue Date: 17 January 2001

Thorne Electric Company
P.O. Box 18363
San Antonio, TX 78218

Information Telephone: 210-590-1226

**Chemical Emergency (24 hr.) Involving Transportation Spills, Leaks, Fires
or Accidents:** (800) 424-9300

Section 2. Composition/Information of Ingredients

<u>Ingredients</u>	<u>%(w/w)</u>	<u>ACGIH</u>
<u>TLV</u>		
Nonylphenol polyethylene glycol ether (CAS 26027-38-3)	---	Not listed
Sodium xylene sulfonate (CAS 1300-72-7)	---	Not listed
Water (CAS 7732-18-5)	---	Not listed

Section 3. Hazard Identification

Emergency Overview: May cause irritation of eyes, skin, throat and gastrointestinal tract.

Section 4. First Aid Measures

Skin: Wash skin with plenty of soap and water. If irritation persists, seek medical attention.

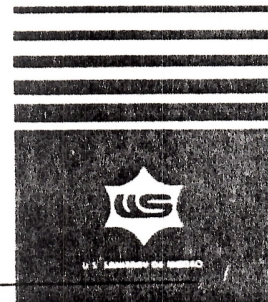

Eyes: Remove contact lenses and flush eyes with a gentle steady stream of water for at least 15 minutes. If irritation persists, seek medical attention.

Ingestion: Immediately drink 1 - 2 glasses of water. Do not give anything by mouth to an unconscious person. Call a physician.

Inhalation: Remove victim to fresh air. Consult medical personnel if necessary.

Section 5. Fire-Fighting Measures

Flash Point: Does not flash

Flammable Limits (Lower): Not Applicable

Flammable Limit (Upper): Not Applicable

Auto Ignition Temperature: Not Applicable

Extinguishing Media: Not Applicable

Fire Fighting Procedures: Not Applicable

Fire Fighting Equipment: Not Applicable

Section 6. Accidental Release Measures

Spills, Leaks or Releases: Wear gloves. Soak up material with towels and throw in trash.

Section 7. Handling and Storage

Handling: Prevent eye and skin contact. Wash hands thoroughly with soap and water after handling. If spilled on clothing, wash before wearing clothes again.

Storage: Store in original container, tightly closed and in a safe place. Protect from freezing.

Section 8. Exposure Control/Personal Protection

Skin Protection: Wear rubber gloves when mixing and transferring product.

Eye Protection: Wear glasses or goggles when mixing and transferring product.

Respiratory Protection: Usually not needed. Use in well-ventilated area.

Exposure Guidelines: No OSHA PEL or ACGIH TLV have been established for this mixture. Minimize exposure by using in a well ventilated area.

Section 9. Physical and Chemical Properties

Appearance: Blue liquid

Odor: Slight

pH: 6.5 - 7.5

Vapor Pressure: 18 @ 75 °F

Vapor Density (air = 1): Not available

Boiling Point: 212 °F

Solubility (Water): Completely soluble

Specific Gravity: 1.000 - 1.030
Evaporation Rate (butyl acetate = 1): < 1
% Volatile: 0

Section 10. Stability and Reactivity

Hazardous Decomposition Products: None known

Chemical Stability: Stable under normal conditions.

Conditions to Avoid: Freezing.

Incompatibility with Other Substances: Strong oxidizing materials (e.g. bleach).

Hazardous Polymerization: Will not occur.

Section 11. Toxicological Information

Inhalation: Mists can irritate nose and respiratory passages.

Skin Contact: Repeated or prolonged contact can cause skin irritation.

Eye Contact: Can cause eye irritation.

Ingestion: May be irritating to the mouth, throat and gastrointestinal tract following ingestion.

Chronic Effects: None known.

Section 12. Ecological Information

Small amounts of unwanted concentrated product can be diluted in water and poured down sink drains. Unwanted diluted product can be poured down sink drains.

Section 13. Disposal Considerations

Rinse the emptied container thoroughly and add rinsings to The Cleaning Machine tank. Do not reuse container. Dispose of the container with other household garbage.

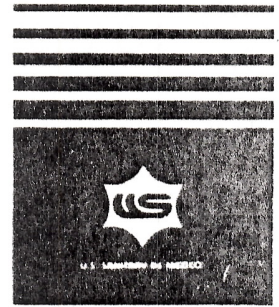

Section 14. Transport Information

Not regulated

Section 15. Regulatory Information

TSCA (Toxic Substances Control Act) Regulations, 40 CFR 710:
All ingredients are listed on the TSCA Chemical Substances Inventory.

CERCLA and SARA Regulations (40 CFR 355, 370 and 372):
Section 313 Supplier Notification: This product does not contain any toxic chemicals subject to reporting requirements of SARA Section 313.

VOC Content Limit (40 CFR 9 and 59):

General Purpose Cleaners	VOC content limit (weight percent)
	10
% VOC Koblenz ^R Neutral Cleaner:	0
	(of the ready-to-use product)
	0
	(at the use dilution)

Section 16. Other Information

The information herein is given in good faith, but no warranty, expressed or implied is made.

Hazardous Materials Identification System (HMIS) an National Fire Prevention Association (NFPA) Ratings

Health:	1	Hazard Ratings
Flammability:	0	4 = Extreme
Reactivity:	0	3 = High
		2 = Moderate
		1 = Slight
		0 = Insignificant
