

# MAGELLAN®

## Magellan™ TRX7 CS Pro

Trail and Street GPS Navigator  
with a Camera Highlight

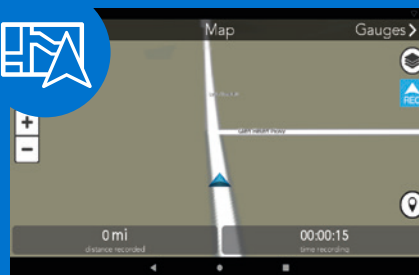

Free Map and  
Software Updates

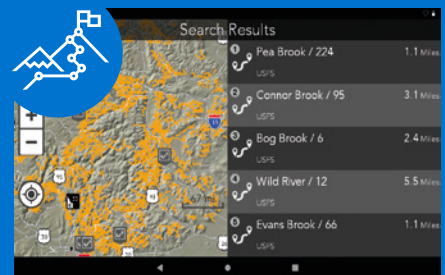

### Optional Recording Modes

Recordings with optional gauge overlay or time-lapse modes for adventure video.

### Turn-by-Turn Trail and Street Navigation

Get visual and audible navigation guidance whether you're navigating off-road trails or streets on your way to your destination.

### Over 160,000 Preloaded Designated OHV Routes

The most US OHV trails including 4WD, ATV, motorcycle and snowmobile trails.

### RAM® Dual Mount

Mounting system includes quick release power cradle and RAM® double socket arm, 3.3" suction cup and 1"-1.25" rail mount.

### Ruggedized IP54 Casing

Drop and shock resistant casing that is also water and dust proof.

### Built-in 8MP Rear-facing Camera

- Built-in high-resolution 8MP camera that records stills, panorama and video with LED flash.
- Instant video playback on the device.
- Auto-start recording when approaching trails.

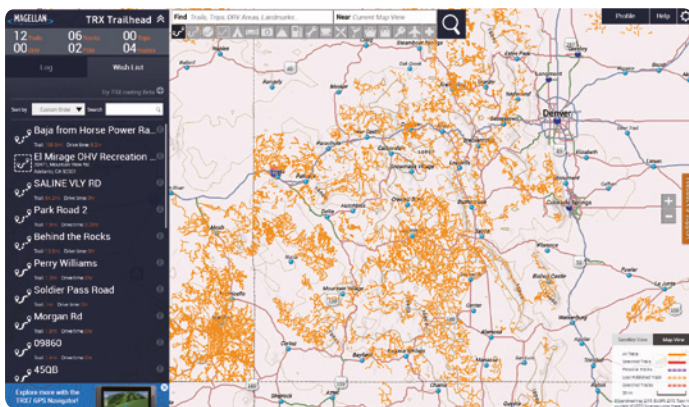

## Optional Recording Modes

Recordings with optional gauge overlay or time-lapse modes for adventure video. With easy settings on the device before you start the journey, you can share your adventure video immediately without the need to edit video with computer when you are back home.

## MORE ADVENTURES AWAIT!

Plan & share your adventures with the TRX Trailhead Community

TRX Trailhead

TRX Trailhead is an ever-growing, searchable trail and track database with personal observations by your fellow off-road enthusiasts. Magellan's database includes observations on route difficulty, conditions and obstacles encountered, and more.

The TRX Trailhead community will take your off-road experiences to the next level. With its advanced TRX Web search tools and features, TRX Trailhead is the perfect tool for finding, planning and sharing your next OHV adventure.

# Specifications

DEVICE		SCREEN		MAPPING & NAVIGATION	
Product Number	TN1840SGLUC	Display Resolution, WxH	1024 x 600 IPS	Preloaded Maps	USA and Canada Basemap
Dimensions (English)	5.2" x 8.3" x .82"	Screen Size	7"	Uploadable Maps	Yes
Dimensions (Metric)	132mm x 210.7mm x 20.9mm	Display Type	Color LCD Transmissive	Points of Interest	Yes
Weight (English)	15.34oz	Touch Screen	Yes	Turn-by-Turn Routing	Yes
Weight (Metric)	435g	<b>GPS &amp; SENSORS</b>			
Battery Type	Lithium-ion rechargeable	GPS Accuracy	3-5 meters	Vertical Profile	Yes
Battery Capacity	4000 mAh	High-Sensitivity GPS	Yes	Coordinates Systems & Datums	Yes
Camera	8MP with LED Flash	Antenna Type	Multidirectional Patch	Map Updates	Yes
Microphone	Yes	Barometric Altimeter	Yes	OneTouch Favorites Menu	Yes
Speaker	Yes	G-sensor or Accelerometer	Yes	Spoken Street Names	Yes
CPU	ARM Cortex-A7, 1.3GHz	<b>RECORDINGS</b>			
Expandable Memory	Up To 128GB on microSD card	Normal Recording	Yes	Audible Proximity Alarms	Yes
Temperature Range (F)	14° to 140° F	Normal Recording with Gauge	Yes	Silent Proximity Alarms	Yes
Temperature Range (C)	-10° to 60°C	Timelapse Recording	Yes	POIs Along Route	Yes
Suspend Mode	Yes	<b>USER GENERATED CONTENT</b>			
Internal Memory	16GB	Accepts GPX Files	Yes	Customize Vehicle Profile	Yes
SD Slot	Yes	Picture Viewer	Yes	Breadcrumb Navigation	Yes
Water Resistance	IP54	User Data Online Sharing	Yes	Back to Start/Location	Yes
		Waypoints	Yes	Customizable Screens	Yes
		Routes	Yes	Backtrack Navigation	Yes
		Tracks	Yes	Data & Route Recording	Yes
				<b>INTERFACE &amp; COMMUNICATIONS</b>	
				USB Port	Yes
				PC Compatible	Yes
				MAC Compatible	Yes
				Bluetooth	Yes
				Wi-Fi	Yes

## Package Contents

- TRX7 CS Pro GPS Receiver
- Magellan Quick Release Power Cradle With Fixed USB Cord
- RAM® Dual Mount
- AC Adapter
- Vehicle Power Adapter
- USB Cord
- Quick Start Guide

**The only off-roading GPS built for true explorers.**
