

HC255W

# HIGH CAPACITY

## ANTI-SLIP BATHROOM SCALE

### An incredible 560-pound capacity

The HC255W is a high-capacity scale with a **slip resistant** etched tempered glass surface. With a staggering **560-pound capacity**, there's not much this scale can't handle. In addition, it's larger in size and heavier when compared to a traditional scale, offering a **more stable platform**. The **extra-large backlit display** is bright and easy to read in even the dimmest room. In the event that the screen is not visible, the scale also produces an **audible beep** letting you know that you can step off of the scale to view your weight. For those in need of a sleek, robust, and durable scale, the HC255W is a perfect fit.
