MARKETING MEMO

Feb. 9, 2022

PRODUCT OVERVIEW:

Whatever you do, own it with the Instinct 2 series. These rugged GPS smartwatches are tough enough to keep up with you and unique enough to fit your style. Plus, the Instinct 2 Solar watch series features solar charging, giving you unlimited battery life on the larger models and weeks of battery life with Instinct 2S, so you can take on life's unlimited possibilities¹. Do more of what you love with preloaded activity profiles for running, biking, swimming, strength training and more. Live the ultimate connected life with smart notifications² and Connect IQ™ compatibility. Understand your body better with all-day health monitoring³ for energy levels, stress, sleep, Pulse Ox⁴ and much more. Additional smartwatches include Surf Editions with tide data and dedicated surfing activities, Tactical Editions with tactical-specific features such as night vision compatibility and more for field ops, and Camo Editions with distinctive camouflage designs to let you show the world that you do things your own way.

KEY FEATURES:

	ENGINEERED FOR ENDURANCE	This rugged watch is water-rated to 100 meters and is thermal and shock resistant. Plus, with a fiber-reinforced polymer case and chemically strengthened, scratch-resistant glass, this device is built to endure.
NEW	DESIGNED TO DO YOU	Bold colors, high-contrast displays and size options let you show the world that you do things your own way.
	MULTI-GNSS SUPPORT	Whether you're hiking, mountain biking, trail running or skiing, you'll have access to multiple global navigation satellite systems (GPS, GLONASS and Galileo) to track in more challenging environments than GPS alone.
	ABC SENSORS	Navigate your next trail with ABC sensors, including an altimeter for elevation data, barometer to monitor weather and 3-axis electronic compass.
	TRACBACK® ROUTING	Take the guesswork out of your return journey by using this feature to navigate the same route back to your starting point.
	SMART NOTIFICATIONS	Receive emails, texts and alerts right on your watch when paired with your compatible smartphone .
NEW	CONNECT IQ™ STORE	Download custom watch faces, add data fields, and get apps and widgets from the Connect IQ Store app on your compatible smartphone .
	SAFETY AND TRACKING FEATURES	When your watch and phone are paired, your live location can be sent to your contacts manually or — during select outdoor activities — automatically with built-in incident detection ⁵ .
NEW	BUILT-IN SPORTS APPS	Do whatever you love with preloaded activity profiles for running, cycling, swimming, strength training, multisport, indoor climbing, virtual running, golf, yoga and more.
NEW	VO2 MAX	Train smarter with VO2 max , an indicator of how you can expect to perform. It even accounts for changes in performance that could be caused by heat or altitude.
NEW	RECOVERY TIME	After each workout, recovery time lets you know when you'll be ready for another hard workout. It even accounts for training intensity and factors such as stress, daily activity and sleep.
NEW	MTB DYNAMICS	Track the details of every ride with mountain biking metrics plus specialized Grit™ and Flow™ measurements that rate trail difficulty and how smoothly you descend, giving you a score to beat next time.
	WRIST-BASED HEART RATE	Get estimated heart rate ³ data along with alerts if your heart rate stays too high or too low while you're at rest. Gauge how hard your heart is working during activities.
	STRESS TRACKING	Heart rate variability is used to calculate your stress level score, so you can see if you're having a calm, balanced or stressful day.
NEW	SLEEP SCORE, ADVANCED SLEEP MONITORING	Get a full breakdown of your light, deep and REM sleep stages. View it all on a dedicated widget that includes your sleep score and insights.
	BODY BATTERY™ ENERGY MONITORING	Optimize your body's energy reserves, using heart rate variability, stress, sleep and other data to gauge when you're ready to be active or when you may need to rest.
	PULSE OX	For altitude acclimation or sleep monitoring, a Pulse Ox sensor ⁴ uses light beams at your wrist to estimate how well your body is absorbing oxygen.
NEW	FITNESS AGE	This feature uses chronological age, your weekly vigorous activity, resting heart rate and BMI to estimate if your body is younger or older than you are. Get tips to lower your fitness age.
NEW	INTENSITY MINUTES	Track how many minutes of vigorous activity you're getting, when you earn them and during what activity. You can even view them as a data field during timed activities.
	WOMEN'S HEALTH TRACKING	Use the Garmin Connect™ app to track your menstrual cycle or pregnancy . Log symptoms, get exercise and nutrition education, and more.

KEY FEATURES (CONTINUED):

Instinct 2 - Solar Edition — Key Additional Features

NEW	GET MORE BATTERY OUT OF LIFE	This smartwatch features longer battery life for extended adventures. With the Solar models, enjoy unlimited battery life with the Instinct 2 models and weeks of battery life with the Instinct 2S models in smartwatch mode ¹ .
NEW	GARMIN PAY™ CONTACTLESS PAYMENTS	Breeze through checkout lines and select transit systems with Garmin Pay contactless payments through participating providers ⁶ .

Instinct 2 - Surf Edition — Key Additional Features

	TIDE DATA	Stay up to date on ocean conditions so you can catch the perfect wave. Just pair the watch with your compatible smartphone.
	SURF ACTIVITY	Record the number of waves surfed, maximum speed reached and distance traveled by using the surf activity profile.
NEW	SURFLINE®	See conditions — such as tide, wave height, wind and surf rating — for each of the five nearest surf spots, when paired with the Garmin Connect™ app on your compatible smartphone.
	SURFLINE SESSIONS™ FEATURE	The Instinct 2 Surf Edition smartwatches work with Surfline Sessions, which creates videos of every wave you ride in front of your Surfline camera ³ . So you can watch them later and see how you did with your Surfline Sessions subscription.
NEW	WINDSURFING ACTIVITY	Use this activity profile to track your GPS position, speed, distance and heart rate while windsurfing.
NEW	KITEBOARDING ACTIVITY	On top of tracking your GPS position, speed, distance and heart rate while kiteboarding, this profile measures your elevation, so you can see jumps on a chart during and after the activity.

Instinct 2 - Solar Tactical Edition — Key Additional Features

	NIGHT VISION COMPATIBILITY	Switch between daytime view and nighttime view with a screen designed to be read by night vision goggles.
	STEALTH MODE	Go dark by enabling stealth mode to stop storing and sharing your GPS position and disable wireless connectivity and communication.
	DUAL-FORMAT GPS	Dual-format GPS coordinates with latitude and longitude references offer unparalleled situational awareness.
	PROJECTED WAYPOINTS	Set and save remote geo positions to be used later for navigation.
	JUMPMaster MODE	Calculate high-altitude release points according to military guidelines while navigating to your objective once you've jumped.
	TACTICAL ACTIVITY	See time, pace, time of day, elevation and your location in both coordinate types.
NEW	KILL SWITCH	If security becomes an issue, the kill switch wipes the device of all user memory.
