RV 795 AND RVCAM 795 RV NAVIGATORS

**NEW PRODUCT
ANNOUNCEMENT**

PRODUCT OVERVIEW:

Plan to make memories with the RV 795 and RVcam 795 series navigators from Garmin, featuring large 7" displays and map updates of North America¹. Get custom routing² for the size and weight of your rig — with road warnings for steep grades, sharp curves and more. Access a directory of RV parks and services, and see suggestions for the best spots along your route and activities to try around your destination. Enjoy BirdsEye Satellite Imagery, which shows high-resolution overhead views to help you have a smooth arrival at your RV park or campground.

The RVcam 795 model adds a built-in dash cam³ to serve as an eyewitness during your adventure. It continually records and saves video of detected incidents and provides forward collision and lane departure warnings to increase situational awareness. Easily view and share your important video clips by using the Garmin Drive™ smartphone app.

RV 795 AND RVCAM 795

RV NAVIGATORS

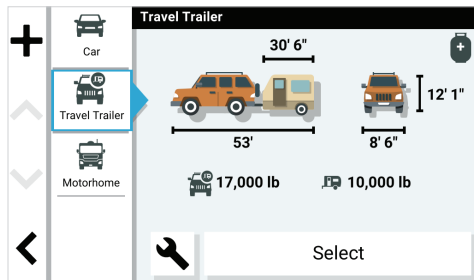

NEW PRODUCT ANNOUNCEMENT

KEY FEATURES:

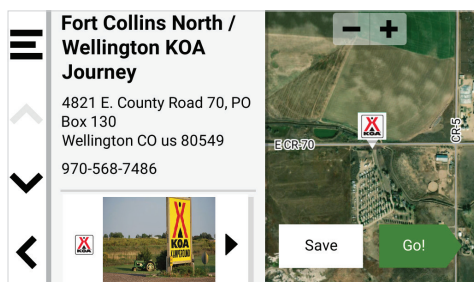

NEW LARGE 7" DISPLAYS	The easy-to-see, high-resolution 7" touchscreens make it easy to follow the recommended route. They include map updates and detailed street maps of North America with coverage of the U.S., Mexico, Canada, Puerto Rico, U.S. Virgin Islands, Cayman Islands and Bahamas
NEW BUILT-IN DASH CAM	RVcam 795 includes an integrated 1080p dash cam ³ with wide 140-degree field of view to serve as an eyewitness behind the wheel. It continually records your drive and automatically saves video of detected incidents. GPS data shows when and where events occurred, and the pre-installed memory card means it is ready to use out of the box.
NEW EASY VIDEO VIEW AND SHARE	For RVcam 795 users, your saved video clips are automatically stored in the secure online Vault and can be accessed by using the Garmin Drive™ app on your compatible smartphone (requires active Wi-Fi® connectivity).
NEW FORWARD COLLISION AND LANE DEPARTURE WARNINGS	To help increase driver awareness, the RVcam 795 device alerts if you are driving too closely to the vehicle ahead or if your vehicle drifts off the road or into oncoming traffic. Certain conditions may impair the warning function; visit Garmin.com/warnings for details.
NEW BIRDSEYE SATELLITE IMAGERY	Arrival planning with automatic BirdsEye Satellite Imagery shows high-resolution overhead views of your destination, including RV parks and campgrounds, to help ensure a smooth arrival.
NEW FIND THE BEST PLACES	Discover the best spots along your route with trendy place suggestions, and enrich your travels with recommendations for local places to visit and exciting activities to try near your current location.
NEW ROADTRIP ROUTES	Roadtrip routes provide suggestions for more adventurous trips or scenic routes.
NEW TRAVEL PLAZA REWARDS	When paired with the Garmin Drive app, your navigator can display your available loyalty points at select travel plazas across the U.S.
NEW WORKS WITH OTHER GARMIN DEVICES	These RV navigators wirelessly pair with a Garmin BC™ 50 backup camera to see behind your vehicle when in reverse; also compatible with the Garmin PowerSwitch™ digital switch box for convenient control of your vehicle's 12-volt electronics, such as lights, fans and more (each sold separately).
CUSTOM ROUTING AND WARNINGS	Get custom RV routing ² based on the size and weight of your vehicle or trailer, and see alerts for upcoming bridge heights, weight limits, sharp curves, steep grades and more.
RV PARKS AND SERVICES	Enjoy a preloaded directory of RV parks and services, Tripadvisor® traveler ratings and content from Ultimate Public Campgrounds, KOA® campgrounds, a directory of U.S. national parks and millions of new and popular points of interest from Foursquare®.
VOICE CONTROL AND HANDS-FREE CALLING	Use Garmin voice assist to tell the navigator where you want to go, and pair with your compatible smartphone with BLUETOOTH® technology to make and take calls while your hands stay on the wheel.
LIVE TRAFFIC AND WEATHER	When paired with the Garmin Drive app, your navigator can display real-time traffic, weather, fuel prices and smart notifications.
