Notes

1. Only one hub is included, power adapters, SD/TF memory cards, cables or other accessories are not included.

2. The up to 100W charging speed can only be achieved when used with a 100W rated USB-C PD cable in combination of 100W type-C PD Power Adapter.

3. The USB Data Ports of this product supports Max. 5V 900mAh total charging output.

4. For more stable connection when using high-power devices, connect a PD Power Adaptor to the USB-C PD port.

5. The USB-C PD port of this product is only for charging USB-C laptops whose USB-C Port supports USB Power Delivery (PD). The USB-C PD port of this product does not support data transfer.

6. A 4K capable display and a 4K capable HDMI cable are required to achieve 3840 x 2160 resolution.

7. HDMI 1.4 cables only support 30Hz, HDMI 2.0 cables support 4K up to 60Hz.

8. 4K 60Hz Compatibility requires a DP 1.4 compatible type-C port on your device.

How to Use

Plug the USB-C connector of the Hub into the USB-C port on your USB-C laptop.

1. USB-C Power Delivery: Charge your laptop by plugging the USB-C Charger to the Multiport Hub USB-C Female Power Delivery (PD) port.

2. HDMI Output: Connect to your UHDTV or projector with an HDMI 2.0 cable via the HDMI output port and watch videos from your USB-C laptop on your TV or other HDMI-enabled devices.

3. USB-A Super Speed: Connect your smart phone, tablet, mouse, keyboard, hard drive or other USB peripherals via the USB-A 3.2 ports and transfer data between your computer and connected device.

4. VGA Output: Connect to your Display or projector with an VGA cable via the VGA output port and watch videos from your USB-C laptop on your TV or other VGA-enabled devices.

Troubleshooting

if you experience any issues or have any question regarding the hub, please visit the support and FAQ page on our website for most up to date information.
