Connect. Anywhere.

Your front door is a busy place – the Lorex 2K Battery Video Doorbell helps you stay connected, no matter where you are. Answer your door from anywhere using 2-Way Talk or if you're busy use Quick Response to speak for you. You have options: Battery or Wired. No wires means easy installation and can be installed on any door. Choose a wired connection for continuous power. Catch the finest details with 2K Resolution and get the whole picture with a wide 164° field of view. See clear at night with Color Night Vision. Fumbling for your keys in the dark? Shed light on your doorstep with the Nightlight feature, that is motion activated. Get alerts that matter with Person Detection. Simple and Secure, the Lorex 2K Battery Video Doorbell has you covered.

Install Anywhere

- Install the video doorbell anywhere, thanks to the built-in battery
- You can opt for a wired connection by installing through your existing doorbell.

Get the Full Picture

- View clear video with 2K resolution and see more with a 124° field of view
- See color video at night with Color Night Vision

Always Know Who's There

- Keep tabs on activities around your door with Person Detection
- Know when someone gets home

LOREX[®] 2K Battery Video Doorbell

With Color Night Vision

Illuminate and Deter

- Shed light on your doorstep with the LED Nightlight
- Schedule the light to activate at a specific time or when motion is detected
- Trigger a warning siren to deter unwelcome visitors

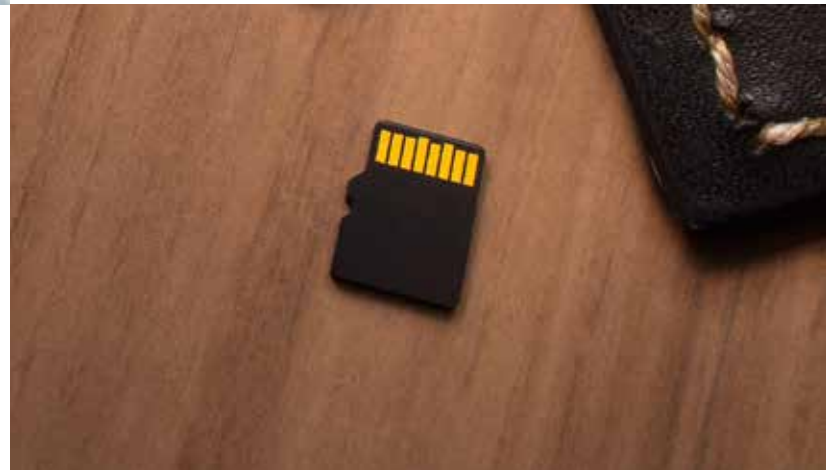

Answer Instantly

- Answer your door from anywhere with the built-in microphone and speaker
- If you're busy, use the pre-set Quick Responses
- Personalize your welcome message— record a customized message to greet guests

Privacy is a Priority

- Keep video recordings secure with the local pre-installed 32GB MicroSD storage
- Access all features at no additional monthly fees or recurring costs

Build your security the way you want

- Create your own Lorex Smart Home Ecosystem by adding additional Lorex Smart Home Wi-Fi cameras, floodlights and sensors.
- Pair with a Lorex Fusion recorder to integrate your smart home device with a wired system for 24/7 continuous recording

Disclaimers:

1. Require a high-speed internet connection and a Wi-Fi router (not included) that supports 2.4Ghz. A minimum upload and download speed of 10 Mbps is required for optimal performance.
2. Install wire-free, using the built-in (non-removable) battery. For wired installation, a voltage range of 8-24 VAC is required. If the voltage is less, a transformer will be required to operate properly. Consult with a licensed electrician.
3. Audio and video recordings without consent, is illegal in certain jurisdictions. Lorex Technology does not assume liability for any use of its product that fails to conform to local laws.
4. Person Detection accuracy is compromised when the face and/or body is partially covered.
5. Not intended for submersion in water. Installation in a sheltered area is recommended.
6. When MicroSD card storage is full the older previously recorded video will automatically be overwritten with the latest recordings. NOTE: There is a limited number of write/re-write cycles rated by the MicroSD card, before performance is reduced.
