

The Adesso ADP-300 is an OTG adapter that solves all your USB compatibility issues. Connect standard USB Type-A devices and peripherals (flash drives, keyboards, mice) to USB-C ports with the ADP-300 USB-A to USB-C adapter. Transfer data at USB 3.0 SuperSpeed, which supports up to 5Gbps.

### ■ Convert USB-A devices to USB-C

Plug in and use computer peripherals, such as flash drive, keyboard, mice, docking station and more, makes your USB-A devices compatible with USB-C ports and any other USB devices that support USB On-The-Go.

### ■ Aluminum Body

Made out of durable aluminum alloy, innovative engineering ensures durability and a long life span.

### ■ USB 3.0 10x Super Speed Transfer

Full USB 3.0 super speed data transfer up to 5Gbps, 10x faster than USB 2.0. Transfer files, HD movies and songs to your USB-C devices in seconds.
