CAR HEADREST 4-HOOK MULTI HANGER

Model # 25534

Perfect To Keep The Car Organized!

KEEP YOUR VEHICLE NEAT!

These Four Hook Hangers will keep your car organized. They are perfect to hang shopping bags, backpacks, purses, coats, or even a tablet for the kids to watch a movie in the backseat. Hang up grocery bags to prevent your food rolling around on the dirty car floor. By hanging up your bags you won't have to worry about the contents rolling under the driver's feet!

Easy to Use

Simply hook the headrest hanger to the back or front of the headrest and you are all set. The mounting hooks slide from side to side to easily fit mostly all headrests. Most people clip to the back of the drivers seat, but there are many other mounting options. You can: Clip to the front of the front seat headrest to keep a purse you other important things in reach. Clip to the back of the last row in a SUV or mini van to organize the bags in your trunk.
