EPIX™ PRO (GEN 2) HIGH-PERFORMANCE SMARTWATCHES

KEY FEATURES:

NEW	**LONG BATTERY LIFE**	Get up to 31 days when smartwatch mode is enabled or up to 58 hours in GPS mode on the 51 mm editions.
NEW	**BUILT-IN LED FLASHLIGHT**	Variable light intensities and a red safety light give you greater awareness while you train in the dark and can provide convenient illumination when you need it. Strobe mode can even match your running cadence.
NEW	**GEN 5 WRIST-BASED HEART RATE**	A new heart rate sensor is designed to give you optimized performance in whatever sport you're doing.
NEW	**HILL SCORE**	This feature measures your capability for running uphill and evaluates your progress over time based on your VO2 max and training history. It measures your running strength on steep ascents and running endurance on long ascents and provides a score based on your performance over time.
NEW	**ENDURANCE SCORE**	This feature measures your ability to sustain prolonged efforts and combines training data from all your athletic pursuits to help you understand how training impacts your overall endurance. This dynamic measurement uses your VO2 max, short-term/long-term training loads and other factors to gauge your fitness progress beyond just VO2 max.
	RUGGED BY DESIGN	The resilient athletic design features a bright AMOLED display, responsive touchscreen, traditional buttons and fiber-reinforced polymer case. Select models also include a titanium bezel and scratch-resistant sapphire lens. This watch is tested to U.S. military standards for thermal, shock and water resistance.
	VISUAL RACE PREDICTOR	Get an estimate of what your pace could be for a 5K, 10K, half-marathon and marathon.
	PACEPRO™ TECHNOLOGY	Plan race-day strategy with GPS-based pace guidance for a selected course or distance.
	CLIMBPRO FEATURE	See real-time information on your current and upcoming climbs on downloaded courses.
	GRADE-ADJUSTED PACE	Get your equivalent running pace at the same effort on flat ground or when ascending.
	TRAINING READINESS	From the moment you wake up, get a readiness score based on your sleep quality[1], recovery, training load and more, so you can determine whether it's a good day to go hard — or take it easy.
	TRAINING STATUS	Get insight, and know whether you're training productively, peaking or strained.
	PERFORMANCE METRICS	Gauge your performance with advanced training metrics such as VO2 max, training load and more.
	REAL-TIME STAMINA	Prevent burnout, and use this data to track and manage your exertion.
	DAILY SUGGESTED WORKOUT	View your entire week of daily suggested workouts, which adapt after every run or ride.
	RECOVERY TIME	Know how long you need to recover before your next high-effort workout based on your latest training.
	RACE WIDGET	Prepare for your next race with training tips, personalized daily suggested workouts and more.
NEW	**WRIST-BASED RUNNING POWER**	See how much power you're applying to the trail or road so you can manage effort and fine-tune training — now without an accessory.
	GARMIN COACH	Get free adaptive 5K, 10K and half-marathon training plans from expert coaches.
NEW	**TRACK YOUR ACTIVITIES**	Use preloaded activity profiles to get data and insight from your active pursuits. You can now track team sport activities such as soccer, football, racquet sports and more.
	HIIT WORKOUTS	Track your HIIT workouts, including AMRAP, EMOM, Tabata or custom workouts.

GARMIN®

KEY FEATURES (CONTINUED):

	ANIMATED WORKOUTS	Follow animated cardio, strength, yoga and Pilates workouts on the watch screen.
	BACKCOUNTRY SKI AND SNOWBOARD	Get ascent and descent data along with metrics such as cadence, stride length and grade.
	XC SKI DYNAMICS	Measure exercise load when paired with an HRM-Pro™ Plus chest strap (sold separately).
	SURF ACTIVITY	Record the number of waves surfed, maximum speed reached, distance traveled and more.
	SURFLINE® CAMERA	Create a video of every wave you ride in front of a Surfline camera with Surfline Sessions™ technology. Use the Surfline widget to see tide, wave height, wind and surf rating for each of the five nearest surf spots[2].
	MTB DYNAMICS	Track the details of your ride with specialized Grit® and Flow™ measurements.
NEW	**OUTDOOR MAPS+**	Subscribe to Outdoor Maps+ for premium mapping content, such as satellite imagery and enhanced topographic maps, downloaded directly to your watch.
	SATIQ™ TECHNOLOGY	Get superior positioning accuracy with multi-band GPS while optimizing battery life.
	ABC SENSORS	Navigate your next trail with an altimeter, barometer and 3-axis electronic compass.
	MULTICONTINENT TOPO MAPS	Download TopoActive maps via Wi-Fi® connectivity from around the world — or get your local region preloaded on the Sapphire edition watches — to keep your explorations on track. View terrain contours, elevations, summits, parks, coastlines, rivers, lakes and other geographical features.
	SKIVIEW™ MAPS	View run names and difficulty ratings for more than 2,000 preloaded ski resorts worldwide.
	GOLF COURSE MAPS	Get preloaded full-color CourseView maps for more than 43,000 golf courses around the world.
	NEXTFORK™ MAP GUIDE	Navigate with a quick glance, and see the distance to the next intersection and the trail name.
NEW	**UP AHEAD MAP INTEGRATION**	Get at-a-glance awareness for selected POI checkpoints ahead now overlayed on the map — such as aid stations — during a race.
	ROUND-TRIP ROUTING	Enter how far you want to go, and get suggested routes that will bring you back; even use TrendLine™ routing to find the best local paths.
	COURSES WITH TURN-BY-TURN DIRECTIONS	Create or find existing courses in the Garmin Connect™ app, or sync from your favorite third-party platforms and get turn-by-turn directions.
	SUNRISE AND SUNSET WIDGET	Plan for your adventure with accurate sunrise and sunset times, and know the position of the sun at different times of the day.
	MORNING REPORT	Get a customizable overview of your sleep, training outlook, HRV status, weather and more as soon as you wake up.
NEW	**JET LAG ADVISER**	Help to minimize the effects of jet lag with guidance on light exposure, sleep schedule and exercise.
	HRV STATUS	Gain a better understanding of your overall health, recovery and training performance while you sleep.
	PULSE OX SENSOR	Track your blood oxygen saturation while you're awake or asleep, and gain awareness of how you're adapting to altitude[3].

GARMIN®

KEY FEATURES (CONTINUED):

SLEEP MONITORING AND SLEEP SCORE	Understand your body's recovery with sleep score, breakdown of your sleep stages and detailed insights for improved sleep quality[1].
BODY BATTERY™ ENERGY MONITORING	Track your body's energy levels to find the best times for activity and rest[1].
STRESS TRACKING	See if you're having a calm, balanced or stressful day.
HEALTH SNAPSHOT™ FEATURE	Log a 2-minute session to record key health stats, then generate a report to share with your health care provider.
ALTITUDE AND HEAT ACCLIMATION	See how you're holding up to the current elevation or heat based on your health metrics.
SMART NOTIFICATIONS	Receive emails, texts and alerts on your watch when paired with your iPhone® or Android™ smartphone.
MUSIC	Download songs and playlists from your Spotify, Deezer or Amazon Music accounts for phone-free listening.
GARMIN PAY™ CONTACTLESS PAYMENTS	Breeze through checkout lines or transit systems with participating providers.
SAFETY AND TRACKING FEATURES	If you feel unsafe or if your watch senses that an incident occurred, your watch will send a message with your live location[4].
STOCKS TRACKER	Keep track of up to 50 of your favorite stocks[6] — right from your wrist.
CONNECT IQ™ STORE	Add watch faces, data fields and apps to your paired watch.
POWER MANAGER	View how various settings and sensors impact your watch's battery life.
NEW **RED SHIFT MODE**	Change display colors to shades of red with red shift mode to better acclimate to darker conditions and reduce sleep cycle disturbance.

Please note: The ECCNs and Classification numbers provided represent the opinion of Garmin International, Inc. of the proper classifications for the products today (based on the original software and/or original hardware). Classifications are subject to change. Under the U.S. export regulations, the U.S. Government assigns your organization or client, as exporter/importer of record, the responsibility for determining the correct classification of any item at the time of export/import. Depending on the products, the customer, or the country of destination, an export license may be required by the Department of Commerce prior to shipment. The Department of Commerce's Bureau of Industry and Security (former Bureau of Export Administration) website (http://www.bis.doc.gov) provides information that might be useful to you in determining whether you need to obtain a license for a particular shipment. To be clear, if an item described above does require a validated export license, it would be the exporter's responsibility to obtain this license prior to exportation.
