

THE LED 3 IN 1 CABLE (4FT)

The Light-Up 3-in-1 Cable is a universal power source that'll light up your life - literally! Equipped with a bright white LED light, you'll find ports with ease, even when pitch dark! Ideal for almost any electronic, this cable provides indispensable, dependable power. Compatible for Apple, Samsung, and yes, even our Raycon earbuds!

CHARGE WITH CONFIDENCE MULTICOLOR NYLON BRAIDED CORD

No more guessing if the power is traveling to your device. Raycon Magic 3-in-1 LED Charging Cable holds a multicolored glow as long as it's plugged into an outlet. Our unique LED light design creates a mesmerizing visual in the dark so it's easy to find. Or it's your new night light!

SAFETY COMES FIRST INTELLIGENT MICROCHIP

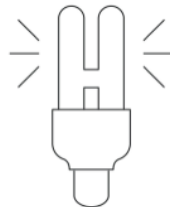

Equipped with our intelligent micro chip, the cable will never overheat or overcharge your device. Like all Raycon products, we have reliability and safety built into the cable for protection from the unthinkable.
