

# CLEARSTREAM 4MAX™

ULTRA LONG-RANGE INDOOR/OUTDOOR HDTV ANTENNA

Designed and engineered in the USA using patented technology to receive TV signals 70 miles away from broadcast towers. Ideal for suburban and rural areas.

Dedicated UHF and Hi-VHF multi-directional elements deliver range and reception even if your TV towers are spread out.

Features quick-connect assembly for easy, convenient installation and durable, lightweight, premium materials for maximum performance.

Includes a 20-inch mast with pivoting base for installation on horizontal and vertical surfaces and all-weather adjustable mounting hardware.

## Proven Performance and Reliability

**The Proof Is in the Loop.** As perfectionists and antenna enthusiasts, innovation and quality are two of our highest priorities. This is why both our patented loop elements and lifetime warranty are unique in the industry and make us cord-cutters' favorite brand. Networks like ABC, CBS, NBC, FOX, PBS, Univision, and more broadcast in Full HD 1080, UHD 4K, 8K, and NEXTGEN TV where available, because OTA signals aren't subject to compression like cable and satellite. ClearStream TV antennas are specifically engineered to receive the frequencies broadcast in North America and truly provide the best, most consistent reception of over-the-air TV signals **straight from the source.**

The ClearStream 4MAX Indoor/Outdoor HDTV antenna is easy to install and delivers crystal-clear TV reception in HD right out of the box thanks to quick-connect assembly design. Engineered to enhance UHF and Hi-VHF signal reception for the highest number of over-the-air channels available in your area. Multi-directional elements receive signals from the front and back, so you receive a greater range of frequencies. Ideal for suburban and rural areas where heavy foliage or roofing materials between your antenna and the towers can interfere with reception.

**70+**  
MILES

The ClearStream 4MAX™ comes with:

- ClearStream 4MAX Antenna
- 20-inch Mast with Base
- All-Weather Mounting Hardware
- Adjustable Mast Clamp
- Assembly and Installation Instructions

## Whole-Home Ready

Bring Free TV to All Your Screens. Homes already wired for satellite or cable service have the coaxial cable needed to send your antenna's signal to multiple screens, all you have to do is connect your ClearStream antenna and you've got FREE TV throughout the house!

## SPECIFICATIONS:

	<b>MODEL NUMBER</b> C4MVJ
	<b>RANGE</b> 70+ Miles
	<b>FREQUENCY</b> 174-216 MHz 470-608 MHz
	<b>PEAK GAIN</b> UHF: 11 dBi Hi-VHF: 2.5 dBi
	<b>BEAM ANGLE</b> 33-Degree Horizontal Reception Pattern
	<b>MAST DIMENSIONS</b> 20" L x 1" Outside Diameter 20-Gauge Galvanized Steel
	<b>ASSEMBLED DIMENSIONS</b> 17.4" H x 31.3" W x 4" D
	<b>WEIGHT</b> 2.7 lbs.
	<b>COLOR</b> Black
	<b>WARRANTY</b> Lifetime Antenna Warranty 90-Day Accessory Warranty
