

device	Dough Spectrum Stand
model	ES07D04

The Dough Spectrum Stand (ES07D04) was designed to be used with the Dough Spectrum monitor models listed below. Compatibility with other monitors was not considered and cannot be guaranteed.

ES07D01, ES07D02, ES07D03, ES07DC9, ES07DCA

In July of 2022, Eve was rebranded as Dough. This does not affect the function or support for our products. New Dough-branded products, updates, and services will be compatible with their existing Eve-branded counterparts, as long as the model number matches.
