# TND™ 750 and TND™ 550

## 6th-Generation Truck GPS

### All-new TND™ truck GPS, powered by Rand Navigation 2.0

The 6th generation TND™ 750 and TND™ 550 devices have been overhauled from the ground up. At the heart of the devices is Rand Navigation 2.0, the company's proprietary new navigation that features technologically sophisticated truck routing, a modern, clean interface, crowdsourced POI reviews, and striking new visuals such as three-dimensional cities and landmarks.

Along with new mapping and routing, the TND™ 750 and TND™ 550 have more powerful processing for faster routing, quicker responses, and smoother graphics. Both units come with stronger mounts and are packaged in a rugged, yet sleek, new design.

Features	TND™ 750	TND™ 550
Screen Size	7"	5"
Processor	Hexacore	Quadcore
Rand Navigation 2.0	●	●
Storage	32 G	32 G
Battery	4000 mAh	2400 mAh
Lifetime Maps	●	●
Over-the-Air updates	●	●
Magnetic Mount	●	

**RAND**  
NAVIGATION 2.0

Years in the making, Rand Navigation 2.0 is an all-new, upgraded navigation platform with a proprietary router and revamped user experience. Rand McNally has engineered a new, modern platform making sure it retains the time-tested user experience that drivers know and depend upon.

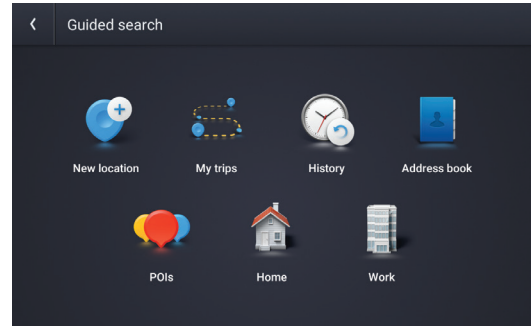

# The TND™ 750 and TND™ 550 have even more features for professional drivers:

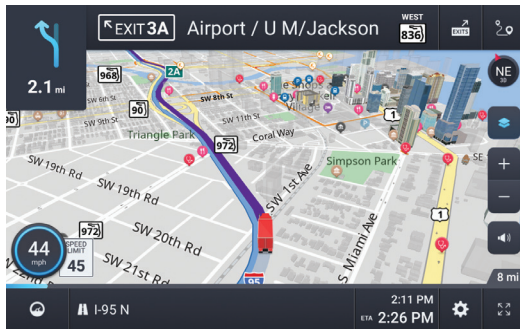

### Rand Navigation

Retaining Rand McNally's award-winning user experience, Rand Navigation 2.0 provides professional drivers with enhanced visuals and superior routing.

### Modern, clean interface

New icons and graphics make the screens glanceable; high-contrast colors enhance readability.

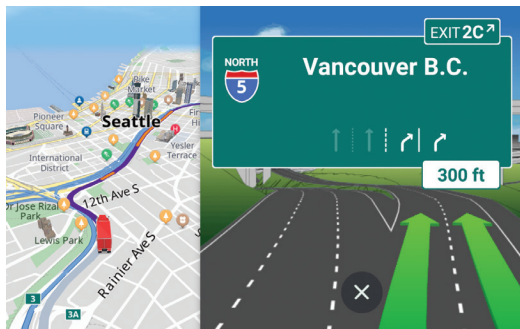

### Upgraded mapping display

3-Dimensional buildings and landmarks appear in cities and highly populated areas; stacked type and curved road labels plus boxed exits and road shields are highly visible.

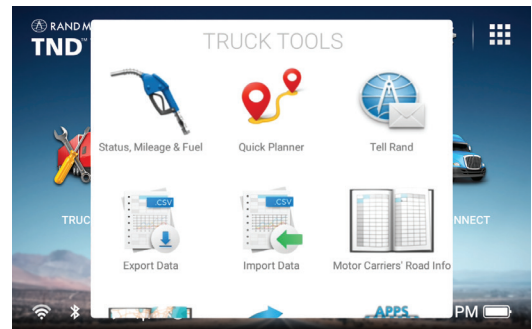

### Connected services

The TND™ routes with Wi-Fi connected services such as real-time traffic and fuel, and dynamic weather map overlays.\*

### Advanced lane guidance

Upcoming junctions and complicated intersections are presented in 3-D with a split screen display that also provides lane guidance.

### Driver Tools

Driver support tools, that help with the business of driving, include mileage and fuel logs, state information, and ELD readiness.
