

Pocket Pain Pro TENS Unit

OMRON Pocket Pain Pro is a simple but powerful, drug-free solution for relief of achy, stiff or sore muscle and joint pain.

TENS Technology – Utilizes Transcutaneous Electrical Nerve Stimulation (TENS) technology used by physical therapists and chiropractors for more than 30 years

Personalized Therapy – Features 3 pre-set pain programs (Arm/Shoulder, Lower Back and Leg/Foot), and 2 massage-like modes (Knead and Steady) each with 10 adjustable levels of power intensity to help relieve pain in multiple body parts

Portable – Small, compact, easy to use, and can be used discreetly anywhere

Long Life Pads – Includes comfortable, self-adhesive Long Life Pads (1 pair) that are reusable up to 150 times, with plastic holder for storage

Safe & Effective – 100% drug-free relief for chronic and acute pains on multiple body parts
