Disclaimers:

- Compatible with Lorex 720p & 1080p HD wireless cameras. Cameras sold separately. For a list of compatible cameras, please visit www.lorextechnology.com/support.
- Requires a high speed Internet connection and a router (not included). An upload speed of 3Mbps is recommended for the best video performance. Up to 3 devices may connect to the system at the same time. For the latest compatibility list check www.lorextechnology.com as new models become available in the market.
- Both firmware and software must be updated to latest version to ensure remote connectivity. Firmware updates are pushed to the DVR automatically over the Internet. Always update to the latest software (available at www.lorextechnology.com) after upgrading the DVR firmware.
- For vertical mounting use the included docking stand. For maximum stability push down on the DVR until you hear a click.
